The Notice of Internet Availability also instructs you on how to access your proxy card to vote through the Internet or by telephone.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND OUR 2018 ANNUAL MEETING

Q: Why am I receiving these materials?

A: Our board of directors is providing these proxy materials to you in connection with our board's solicitation of proxies for use at our 2018 Annual Meeting which will take place on June 15, 2018. Stockholders are invited to attend the 2018 Annual Meeting and are requested to vote on the proposals described in this proxy statement.

Q: What information is contained in these materials?

A: The information included in this proxy statement relates to the proposals to be voted on at the 2018 Annual Meeting, the voting process, the compensation of our directors and our named executive officers, and certain other required information.

Q: Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

A: In accordance with SEC rules, we may furnish proxy materials, including this proxy statement and our 2017 Annual Report, which includes our audited consolidated financial statements for the year ended December 31, 2017, to our stockholders by providing access to these documents on the Internet instead of mailing printed copies. On or about April 30, 2018, we first mailed to our stockholders (other than those who previously requested electronic or paper delivery) a Notice of Internet Availability containing instructions on how to access our proxy materials, including our proxy statement and our 2017 Annual Report. The Notice of Internet Availability also instructs you on how to access your proxy card to vote through the Internet, by telephone or by mail. You will not receive printed copies of the proxy materials unless you request them. Instead, the Notice of Internet Availability will instruct you as to how you may access and review all of the proxy materials on the Internet. If you would like to receive a paper or electronic copy of our proxy materials, including a copy of our 2017 Annual Report, you should follow the instructions in the notice for requesting these materials.

Q: How do I get electronic access to the proxy materials?

A: The Notice of Internet Availability will provide you with instructions regarding how to:

- view our proxy materials for the 2018 Annual Meeting on the Internet; and
- instruct us to send our future proxy materials to you electronically by e-mail.

Choosing to receive your future proxy materials by e-mail will save us the cost of printing and mailing documents to you and will reduce the impact of printing and mailing these materials on the environment. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

Q: What proposals will be voted on at the 2018 Annual Meeting?

A: There are three proposals scheduled for a vote at the 2018 Annual Meeting:

- the election of the three Class II directors nominated and recommended by our board, each to serve until the 2021 Annual Meeting of Stockholders or until such time as their respective successors are elected and qualified;
- the approval, on an advisory basis, of the compensation of our named executive officers for fiscal year 2017; and
- the ratification of the appointment of Deloitte & Co. S.A. as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

Q: What are our board's voting recommendations?

A: Our board recommends that you vote your shares:

- "FOR" the election of the three Class II directors nominated and recommended by our board;
- "FOR" the approval, on an advisory basis, of the compensation of our named executive officers for fiscal year 2017; and
- "FOR" the ratification of the appointment of Deloitte & Co. S.A. as our independent registered public accounting firm for 2018.

Q: How many shares are entitled to vote?

A: Each share of our common stock outstanding as of the close of business on April 19, 2018, the record date, is entitled to one vote at the 2018 Annual Meeting. At the close of business on April 19, 2018, 44,157,364 shares of our common stock were outstanding and entitled to vote. You may vote all of the shares owned by you as of the close of business on the record date and each share of common stock held by you on the record date represents one vote. These shares include shares that are (1) held of record directly in your name and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most stockholders of MercadoLibre hold their shares beneficially through a stockbroker, bank or other nominee rather than directly in their own name. There are some distinctions between shares held of record and shares owned beneficially, specifically:

Shares held of record

If your shares are registered directly in your name with our transfer agent, Computershare, you are considered the stockholder of record with respect to those shares, and the Notice of Internet Availability was sent directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to us. If you requested to receive printed proxy materials, we have enclosed or sent a proxy card for you to use. Each stockholder of record is entitled to vote by proxy as described in the Notice of Internet Availability and below.

Shares held in brokerage account or by a bank

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the Notice of Internet Availability was forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner or nominee, you have the right to direct your broker or other nominee on how to vote the shares in your account.

Q: Can I attend the 2018 Annual Meeting?

A: You are invited to participate in the 2018 Annual Meeting if you are a stockholder of record or a beneficial owner at the close of business on April 19, 2018. Any stockholder can attend the 2018 Annual Meeting via the Internet at www.virtualshareholdermeeting.com/MELI2018. We encourage you to access the Annual Meeting online prior to its start time. Instructions on how to attend and participate via the Internet, including how to demonstrate proof of stock ownership, are posted at <http://investor.mercadolibre.com>.

Q: How can I vote my shares?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may vote as follows:

- If you are a stockholder of record, you may vote by proxy over the Internet or by telephone by following the instructions provided in the Notice of Internet Availability, or, if you requested to receive printed proxy materials, you can also vote by mail pursuant to instructions provided on the proxy card. You may also attend the Annual Meeting at 12:00 p.m., Eastern Time, on June 15, 2018 via the Internet at www.virtualshareholdermeeting.com/MELI2018 and vote during the Annual Meeting using the control number we have provided to you.
- If you hold shares beneficially in street name, you may also vote by proxy over the Internet or by telephone by following the instructions provided in the Notice of Internet Availability, or, if you requested to receive printed proxy materials, you can also vote by mail by following the voting instruction card provided to you by your broker, bank, trustee or nominee.

Under Delaware law, votes cast by Internet or telephone have the same effect as votes cast by submitting a written proxy card.

Q: Can I change my vote or revoke my proxy?

A: If you are the stockholder of record, you may change your proxy instructions or revoke your proxy at any time before your proxy is voted at the 2018 Annual Meeting. Proxies may be revoked by any of the following actions:

- filing a timely written notice of revocation with our Corporate Secretary at our principal executive office (Arias 3751, 7th Floor, Buenos Aires, Argentina, C1430CRG);
- granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method); or
- attending the 2018 Annual Meeting online and voting via the Internet using the control number we have provided to you (attendance at the meeting will not, by itself, revoke a proxy).

If your shares are held through a brokerage account or by a bank or other nominee, you may change your vote by:

- submitting new voting instructions to your broker, bank, or nominee following the instructions they provided; or
- if you have obtained a legal proxy from your broker, bank, or nominee giving you the right to vote your shares, by attending the 2018 Annual Meeting and voting in person.

Q: How are votes counted?

A *Election of three Class II Directors.* In the election of three Class II directors, you may vote “for” any or all of the nominees for Class II directors or you may “withhold” your vote with respect to any or all of the nominees for Class II director. Only votes “for” will be counted in determining whether a plurality has been cast in favor of a nominee for Class II director.

Advisory Vote to Approve our Named Executive Officers’ Compensation for 2017. In the approval, on an advisory basis, of the compensation of our named executive officers for fiscal year 2017, you may vote “for,” “against” or “abstain.” If you elect to abstain from voting, the abstention will have the same effect as a vote against this proposal.

Ratification of Appointment of Independent Auditor. In the proposal to ratify the appointment of our independent registered public accounting firm for 2018, you may vote “for,” “against” or “abstain.” If you abstain from voting, it will have the same effect as a vote against this proposal.

No cumulative voting rights are authorized, and dissenter’s rights are not applicable to these matters.

If you sign and return your proxy card or broker voting instruction card without giving specific voting instructions, your shares will be voted “FOR” the election of the three Class II directors nominated and recommended by our board and named in this proxy statement, “FOR” approval of our executive compensation, “FOR” the ratification of the approval of our independent auditors, and at the discretion of the proxies in any other matters properly brought before the 2018 Annual Meeting.

If you are a beneficial holder and do not return a voting instruction card, your broker is only authorized to vote on the ratification of the approval of our independent auditors. See “What are broker non-votes and what effect do they have on the proposals?”

Q: Who will count the votes?

A: A representative of Broadridge will tabulate the votes at the 2018 Annual Meeting and act as the inspector of elections.

Q: What is the quorum requirement for the 2018 Annual Meeting?

A: The quorum requirement for holding the 2018 Annual Meeting and transacting business is a majority of the outstanding shares entitled to vote. The shares may be present in person or represented by proxy at the 2018 Annual Meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

Q: What is the voting requirement to approve each of the proposals?

A *Election of three Class II Directors.* The Class II directors will be elected by a plurality of the votes of the shares present in person or by means of remote communication or represented by proxy and entitled to vote on the matter, meaning that the three Class II director nominees receiving the highest number of “FOR” votes will be elected.

Advisory Vote to Approve our Named Executive Officers’ Executive Compensation for 2017. The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the matter is required to approve our named executive officers’ compensation for fiscal year 2017. This vote is advisory and will not be binding on the company, the board of directors or the compensation committee.

Ratification of Appointment of Independent Auditor. The vote of a majority of the shares present in person or represented by proxy is required to ratify the appointment of our independent registered public accounting firm for 2018.

Q: What are broker non-votes and what effect do they have on the proposals?

A: Generally, broker non-votes occur when shares held by a broker, bank or other nominee in “street name” for a beneficial owner are not voted with respect to a particular proposal because (1) the broker, bank or other nominee has not received voting instructions from the beneficial owner and (2) the broker, bank or other nominee lacks discretionary voting power to vote those shares. A broker, bank or other nominee is entitled to vote shares held for a beneficial owner on “routine” matters without instructions from the beneficial owner of those shares, but is not entitled to vote shares held for a beneficial owner on any non-routine matter without instruction from the beneficial owner. The ratification of the appointment of our independent registered public accounting firm is considered to be a routine matter for which brokers, banks or other nominees holding shares in street name may exercise discretionary voting power in the absence of voting instructions from the beneficial owner. As a result, broker non-votes will not arise in connection with, and thus will have no effect on, this proposal.

[Table of Contents](#)

Unlike the proposal to ratify the appointment of our independent auditors, the election of directors and the advisory vote on our named executive officers' compensation for fiscal year 2017 are each considered a "non-routine" matter. As a result, brokers, banks or other nominees holding shares in street name that have not received voting instructions from their clients cannot vote on their clients' behalf on these proposals. **Therefore, it is very important that you provide your broker, bank or other nominee who is holding your shares in street name with voting instructions with respect to these proposals in one of the manners set forth in this proxy statement.** Under Delaware law, broker non-votes that arise in connection with the election of directors or the advisory vote on our named executive officers' compensation for fiscal year 2017 will have no effect on these proposals.

Q: Where can I find the voting results of the 2018 Annual Meeting?

A: We will announce final voting results in a current report on Form 8-K that will be filed with the SEC within four business days after the 2018 Annual Meeting and that will also be available on our investor relations website at <http://investor.mercadolibre.com>.

Q: Who will bear the cost of soliciting votes for the 2018 Annual Meeting?

A: We will pay the entire cost of preparing, assembling, printing, mailing, and distributing these proxy materials. If you choose to access the proxy materials and/or vote over the Internet, you are responsible for any Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities.

**PROPOSAL ONE:
ELECTION OF THREE CLASS II DIRECTORS**

Our certificate of incorporation provides for our board to be divided into three classes, with each class having a three-year term. In accordance with our certificate of incorporation and bylaws, the number of directors that constitutes our board of directors is fixed from time to time by a resolution duly adopted by our board. Our board currently consists of nine members. Information as to the directors currently comprising each class of directors and the current term expiration date of each class of directors is set forth in the following table:

Class	Directors Comprising Class	Current Term Expiration Date
Class I	Susan Segal Mario Eduardo Vázquez Alejandro Nicolás Aguzin	2020 Annual Meeting
Class II	Nicolás Galperin Meyer Malka Javier Olivan	2018 Annual Meeting
Class III	Emiliano Calemzuk Marcos Galperin Roberto Balls Sallouti	2019 Annual Meeting

A director elected to fill a vacancy (including a vacancy created by an increase in the size of our board) will serve for the remainder of the term of the class of directors in which the vacancy occurred and until his or her successor is elected and qualified, or until his or her earlier death, resignation or removal. As discussed in greater detail below in “Information on our Board of Directors—Director Independence and Family Relationships,” our board has determined that seven of the nine current members of our board are independent directors within the meaning of the listing standards of The NASDAQ Global Market (the “NASDAQ”) and our corporate governance guidelines.

The terms of our three Class II directors are set to expire at the 2018 Annual Meeting. The nominating and corporate governance committee recommended, and our board nominated, each of Nicolás Galperin, Meyer Malka and Javier Olivan as nominees for re-election as Class II directors of our Company at the 2018 Annual Meeting. If elected at the 2018 Annual Meeting, each of the Class II director nominees will serve until our 2021 Annual Meeting of Stockholders and until his successor is duly elected and qualified, or until his earlier death, resignation, or removal.

If any of the nominees is unexpectedly unavailable for election, shares represented by validly delivered proxies will be voted for the election of a substitute nominee proposed by our nominating and corporate governance committee or our board may determine to reduce the size of our board. Each person nominated for election and named above has agreed to serve if elected.

Set forth below is biographical information for the nominees, as well as the key attributes, experience and skills that the board believes each nominee brings to the board.

Board of Directors

The following is biographical information on the remainder of our continuing directors, as well as the key attributes, experience and skills that the board believes such continuing directors bring to the board.

Class I Directors

Ms. Segal has been president and chief executive officer of the Americas Society and Council of the Americas since August 2003, after having worked in the private sector for more than 30 years. Prior to her current position, Ms. Segal was a founding partner of her own investment advisory firm focused primarily on Latin America and the U.S. Hispanic market. Previously, she was a partner and Latin American Group Head at JPMorgan Partners/Chase Capital Partners, where she pioneered early stage venture capital investing in Latin America. Prior to joining Chase Capital Partners, Ms. Segal was a senior managing director focused on Emerging Markets Investment Banking and Capital Markets at Chase Bank and its predecessor banks. She was actively involved in developing investment banking, building an emerging-market bond-trading unit for Latin America and was also involved in the Latin American debt crisis of the 1980s and early 1990s both chairing and sitting on various advisory committees. Ms. Segal is on the Board of Directors of Scotiabank, where she serves as chairperson of the Corporate Governance Committee and member of the Risk Committee. Additionally, she is a director and chairperson of Scotiabank USA, a non-public subsidiary of Scotiabank. Her background includes experience in trade, private equity, venture capital, social media, and infrastructure. Ms. Segal's decades of experience in Latin America have enabled her to create an extensive network among Latin America's political and business leaders. Given the increasing political and other challenges involved with doing business across national borders in Latin America, the board believes that Ms. Segal's prior experience and extensive knowledge of these affairs qualify her to serve as a director of our company.

Director Independence and Family Relationships

NASDAQ rules require listed companies to have a board of directors with at least a majority of independent directors. Under NASDAQ's rules, in order for a director to be deemed independent, our board must determine that the individual does not have a relationship that would interfere with the director's exercise of independent judgment in carrying out his or her responsibilities as a director of our company. As part of our corporate governance guidelines, our board has adopted guidelines setting forth categories of relationships that it has deemed material for purposes of making a determination regarding a director's independence. On an annual basis, each member of our board is required to complete a questionnaire designed to provide information to assist our board in determining whether the director is independent under NASDAQ rules and our corporate governance guidelines. Our board has determined that each of Messrs. Calemzuk, Malka, Olivan, Vázquez, Sallouti, Aguzin and Ms. Segal, is independent under the listing standards of NASDAQ and our corporate governance guidelines. Our governance guidelines require any director who has previously been determined to be independent to inform the chairman of our board and our corporate secretary of any change in circumstance that may cause his or her status as an independent director to change.

Other than our chief executive officer and Mr. Nicolás Galperin, who are brothers, there are no family relationships among our officers and directors, nor are there any arrangements or understandings between any of our directors or officers or any other person pursuant to which any officer or director was or is to be selected as an officer or director.

Board Leadership Structure

We do not have a fixed policy with respect to the separation of the offices of the chairman of the board and chief executive officer and believe that any determination in this regard is part of the executive succession planning process. The board understands that there is no single, generally accepted approach to providing board leadership and, in light of the competitive and dynamic environment in which we operate, the appropriate board leadership structure may vary from time to time as circumstances warrant.

Mr. Galperin currently serves as both our chairman and our president and chief executive officer. Our board believes service in these dual roles is in the best interests of our company and our stockholders. Mr. Galperin co-founded our company, has served as chief executive officer since our inception and is the only member of management on the board. The board is confident that he possesses the most thorough knowledge of the issues, opportunities and challenges facing us and our business and, accordingly, is the person best positioned to develop agendas that ensure that the board's time and attention are focused on the most critical matters. His combined role enables decisive leadership, ensures clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to our stockholders, employees and users.

Because the board also believes that strong, independent board leadership is a critical aspect of effective corporate governance, the board has established the position of lead independent director. The lead independent director is an independent director elected annually by the board. Mr. Calemzuk currently serves as the lead independent director, a position to which he was appointed in February 2016. As lead independent director, he chairs and has authority to call formal closed sessions of the independent directors, leads board meetings in the absence of the chairman, and leads the annual board self-assessment process. In addition, the lead independent director, together with the chair of the nominating and corporate governance committee, conducts interviews to confirm the continued qualification and willingness to serve of each director whose term is expiring at an annual meeting prior to the time at which directors are nominated for re-election.

Our board will continually evaluate the current leadership structure of the board with the goal of maximizing its effectiveness.

Risk Oversight

Our board of directors provides various forms of risk oversight. As part of this process, the board seeks to identify, prioritize, source, manage and monitor our critical risks. To this end, our board periodically, and at least annually, reviews the material risks faced by us, our risk management processes and systems and the adequacy of our policies and procedures designed to respond to and mitigate these risks.

[Table of Contents](#)

The board has generally retained the primary risk oversight function and has an active role, in its entirety and also at the committee level, in overseeing management of our material risks. The board regularly reviews information regarding our operations, strategic plans and liquidity, as well as the risks associated with each. The audit committee oversees management of financial and internal control risks as well as the risks associated with related party transactions. Our head of internal audit reports directly to the audit committee. The compensation committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The nominating and corporate governance committee oversees the management of risks associated with the composition and independence of our board and oversees our corporate governance policies and procedures related to risk management, including our whistleblower procedures, insider trading policy and corporate governance guidelines. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board of directors is regularly informed through committee reports about such risks.

Stockholder Communications with our Board

Stockholders may communicate with our board, board committees or individual directors, including the lead independent director, c/o Corporate Secretary, Arias 3751, 7th Floor, Buenos Aires, Argentina, C1430CRG. The nominating and corporate governance committee has delegated responsibility for initial review of stockholder communications to our manager of investor relations. In accordance with the committee's instructions, our investor relations team will summarize all correspondence and make it available to each member of our board. In addition, the manager of investor relations will forward copies of all stockholder correspondence to each member of the nominating and corporate governance committee, except for communications that are (a) advertisements or promotional communications, (b) solely related to complaints by users with respect to ordinary course of business customer service and satisfaction issues, or (c) clearly unrelated to our business, industry, management, or board or committee matters.

Attendance at Annual Meetings

We do not have a policy regarding director attendance at annual meetings of our stockholders. No members of our board of directors were able to attend our 2017 Annual Meeting of Stockholders in person.

Formal Closed Sessions

At the conclusion of each regularly scheduled board meeting, the independent directors have the opportunity to meet without our management or the other directors. The lead independent director leads these discussions.

Board Compensation

Board compensation is determined by our board following a recommendation from our compensation committee. Only the directors who our board determines to be independent directors receive compensation for their service. Board compensation for our independent directors has in recent years primarily consisted of cash compensation. Director compensation is reviewed from time to time by the compensation committee for recommendation to our board. Current board compensation is described under the heading "Director Compensation" below.

Outside Advisors

The board and each of its committees may retain outside advisors and consultants of their choosing at our expense. The board does not need to obtain management's consent to retain outside advisors.

Conflicts of Interest

We expect our directors, executives and employees to conduct themselves with the highest degree of integrity, ethics and honesty. MercadoLibre's credibility and reputation depend upon the good judgment, ethical standards and personal integrity of each director, executive, and employee. In order to better protect MercadoLibre and its stockholders, we periodically review our code of business conduct and ethics to ensure that it provides clear guidance to our employees and directors.

Transparency

We believe it is important that our stockholders understand our governance practices. In order to help ensure the transparency of our practices, we have posted information regarding our corporate governance procedures on our investor relations website at <http://investor.mercadolibre.com>.

Board Effectiveness and Director Performance Reviews

It is important to us that our board and its committees are performing effectively and in the best interests of our company and our stockholders. The board and each committee performs an annual self-assessment to evaluate its effectiveness in fulfilling its obligations. As part of this annual self-assessment, directors are able to provide feedback on the performance of other directors. Our lead independent director follows up on this feedback and takes such further action with directors receiving comments and other directors as she deems appropriate.

Succession Planning

The board recognizes the importance of effective executive leadership to MercadoLibre's success, and meets to discuss executive succession planning at least annually. As part of this process, our board reviews the capabilities of our senior leadership as set out in written succession planning documents and identifies and discusses potential successors for members of our executive staff, including the chief executive officer. Our nominating and corporate governance committee leads the succession planning process for our chief executive officer and other senior officers and performs a similar analysis with respect to the rest of our board.

Auditor Independence

We have taken a number of steps to ensure the continued independence of our independent registered public accounting firm. Our independent registered public accounting firm reports directly to the audit committee, and we limit the use of our auditors for non-audit services. The fees for services provided by our auditors in 2017 and 2016 and our policy on pre-approval of non-audit services are described under the section below entitled "Proposal Three: Ratification of Independent Registered Public Accounting Firm."

Corporate Hotline

We have established a corporate telephone hotline and Internet site to allow any employee to confidentially and anonymously lodge a complaint about any accounting, internal control, auditing or other matter of concern.

Board Committees

Board committees help our board perform effectively and efficiently, but do not replace the oversight of our board as a whole. There are currently three principal standing board committees: the audit committee, the compensation committee and the nominating and corporate governance committee. Each committee meets regularly and has a written charter that has been approved by our board, which is available on our investor relations website at <http://investor.mercadolibre.com>. In addition, at each regularly scheduled board meeting, a member of each committee reports on any significant matters addressed by the committee subsequent to the board's most recent prior meeting. Each committee performs an annual self-assessment to evaluate its effectiveness in fulfilling its obligations.

The following table lists the current members of each of our three principal standing board committees:

Meyer Malka*	X	Chair

The compensation committee, which met once and took one action by unanimous written consent during fiscal year 2017, is comprised of Messrs. Malka (Chairman), Caleznuk and Vazquez. Our board has determined that each of the directors serving on our compensation committee is independent as defined in the Listing Rules of NASDAQ. The compensation committee is responsible for:

Nominating and Corporate Governance Committee

The nominating and corporate governance committee, which did not meet and took one action by unanimous written consent during fiscal year 2017, is comprised of Messrs. Caleznuk (Chairman), Aguzin and Vázquez. Our board has determined that each of the directors serving on our nominating and corporate governance committee is independent as defined in the Listing Rules of NASDAQ. The nominating and corporate governance committee is responsible for:

- recommending to our board for selection, nominees for election to our board;
- making recommendations to our board regarding the size and composition of the board, committee structure and membership and retirement procedures affecting board members;
- monitoring our performance in meeting our obligations of fairness in internal and external matters and our principles of corporate governance;
- reviewing correspondence received from stockholders; and
- such other matters that are specifically delegated to the nominating and corporate governance committee by our board from time to time.

Our board has adopted a written charter for our nominating and corporate governance committee, which is posted on our investor relations website at <http://investor.mercadolibre.com>. That charter requires the nominating and corporate governance committee to consider the desired composition of our board, including such factors as expertise and diversity, and our corporate governance guidelines provide that, in consideration of the composition of our board, diversity of backgrounds and expertise should be emphasized.

Other Committees

From time to time, our board may establish other committees as circumstances warrant. Those committees will have the authority and responsibility as delegated to them by our board.

Code of Business Conduct and Ethics

Our board has adopted a code of business conduct and ethics that applies to our officers, directors and employees. Among other matters, our code of business conduct and ethics is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in our SEC filings and other public communications;
- compliance with applicable governmental laws, rules and regulations;
- prompt internal reporting of violations of the code to appropriate persons identified in the code; and
- accountability for adherence to the code.

Our audit committee must approve any waiver of the code of business conduct and ethics for our executive officers or directors, and any waiver shall be promptly disclosed. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K relating to amendments to or waivers from any provision of the code of business conduct and ethics applicable to our chief executive officer and chief financial officer by posting the required information on our investor relations section of our website at <http://investor.mercadolibre.com>.

Director Nominations

Nominating and Corporate Governance Committee. The nominating and corporate governance committee of our board performs the functions of a nominating committee. The nominating and corporate governance committee's charter describes the committee's responsibilities, including identifying, reviewing, evaluating and recommending director candidates for nomination by our board. Our corporate governance guidelines also contain information concerning the responsibilities of the nominating and corporate governance committee with respect to identifying and evaluating director candidates. Both documents are published on our investor relations website at <http://investor.mercadolibre.com>.

Director Candidate Recommendations and Nominations by Stockholders. The nominating and corporate governance committee's charter provides that the committee will consider director candidates recommended by stockholders. The charter of the nominating and corporate governance committee provides that it will evaluate all candidates for election to our board, regardless of the source from which the candidate was first identified, based on the totality of the merits of each candidate and not based upon minimum qualifications or attributes. Stockholders should submit any such recommendations for the consideration of our nominating and corporate governance committee through the method described under "Stockholder Communications" above. In addition, any stockholder of record entitled to vote for the election of directors may nominate persons for election to our board if that stockholder complies with the notice procedures summarized in "Stockholder Proposals for 2019 Annual Meeting" beginning on page 39 of this proxy statement.

Process for Identifying and Evaluating Director Candidates. The nominating and corporate governance committee evaluates all director candidates in accordance with the criteria described in our corporate governance guidelines and the nominating and corporate governance committee charter. The committee evaluates any candidate's qualifications to serve as a member of our board based on the skills and characteristics of individual board members as well as the composition of our board as a whole. In addition, the nominating and corporate governance committee will evaluate a candidate's independence, skills, experience, reputation, integrity, potential for conflicts of interest and other appropriate qualities in the context of our board's needs.

Director diversity. We do not have a formal policy about diversity of our board membership, but the nominating and corporate governance committee will consider a broad range of factors when nominating individuals for election as directors, including differences of viewpoint, professional experience, education, skill, other personal qualities and attributes, race, gender and national origin. The nominating and corporate governance committee neither includes nor excludes any candidate from consideration solely based on the candidate's diversity traits.

Directors Attendance at Meetings of our Board of Directors and Board Committees

Our board held six meetings and took four actions by written consent during the fiscal year ended December 31, 2017. Other than Roberto Balls Sallouti, all of our directors attended 75% or more of the aggregate of all meetings of the board of directors and the board committees on which they served during 2017.

DIRECTOR COMPENSATION

On August 2, 2016, our board, upon the recommendation of the compensation committee, adopted a director compensation program that sets compensation for our independent directors for the period from June 2016 to June 2019. The 2017 portion of this director compensation program (the “[2017 Director Program](#)”), which became effective as of June 13, 2017, provides that each independent director receives an annual fee for board services from June 13, 2017 to June 15, 2018 comprised of a non-adjustable board service award and an adjustable board service award. The non-adjustable board service award consists of a fixed cash payment of \$60,000. The adjustable board service award consists of a fixed cash amount of \$100,000 multiplied by the quotient of (a) the average closing sale price of our common stock on NASDAQ during the 30-trading day period preceding the 2018 Annual Meeting of Stockholders divided by (b) the average closing sale price of our common stock on NASDAQ during the 30-trading day period preceding the 2017 Annual Meeting of Stockholders.

The compensation committee periodically reviews our director compensation policy with the primary objective of matching compensation levels to the relative demands associated with serving on our board and its various committees.

Directors who are not classified as independent directors by our board do not receive any compensation for their service as directors on our board. We reimburse our non-employee directors for travel and other reasonable out-of-pocket expenses incurred in attending meetings of our board and its committees.

- (3) Mr. Nicolás Galperin is not an independent director and did not receive any compensation for his services on our board in 2017 in accordance with our policy not to compensate non-independent directors.

In this section, we describe and discuss our executive compensation program, including our philosophy to align our executive officers' incentive compensation with stockholder value creation, the material elements of and total compensation paid to each of our named executive officers in 2017 and the processes used by our compensation committee when making compensation decisions.

The named executive officers in this proxy statement are:

- Marcos Galperin, President and Chief Executive Officer
- Pedro Arnt, Executive Vice President and Chief Financial Officer
- Stello Tolda, Executive Vice President and Chief Operating Officer
- Osvaldo Giménez, Executive Vice President—Payments
- Daniel Rabinovich, Executive Vice President and Chief Technology Officer

The Executive Summary below provides an overview of our performance during 2017 and its correlation to our compensation decisions and practices.

Executive Summary

Our Business

We host the largest online commerce platform in Latin America located at www.mercadolibre.com, which is focused on enabling e-commerce and its related services. Our services are designed to provide our users with mechanisms for buying, selling, paying, collecting, shipping, generating leads and comparing via e-commerce transactions in an effective and efficient manner. Our company is a market leader in e-commerce in each of Argentina, Brazil, Chile, Colombia, Costa Rica, Ecuador, Mexico, Peru, Uruguay and Venezuela, based on unique visitors and page views during 2017.

Executive Compensation Program Philosophy and Objectives

We operate in a rapidly evolving and highly competitive market that requires a highly qualified executive management team with strong operational skills. Our executive compensation philosophy is designed to align the compensation of our named executive officers with our business objectives and reward performance over both the short and long term. In evaluating the individual components of overall compensation for each of our named executive officers, the compensation committee reviews not only the individual elements of compensation, but also total compensation. By design, a significant portion of the compensation awarded under our executive compensation program is contingent upon company performance, in the case of our president and chief executive officer, and both individual and company performance, in the case of our other named executive officers. The committee remains committed to this philosophy of pay-for-performance and will continue to review executive compensation programs for the best methods to promote stockholder value through employee incentives.

We are committed to providing an executive compensation program that supports the following goals and philosophies:

- aligning our management team's interests with stockholders' expectations;
- effectively compensating our management team for actual performance over the short and long term;
- attracting and retaining an experienced and effective management team;
- motivating and rewarding our management team to produce growth and performance for our stockholders that is sustainable and consistent with prudent risk-taking and based on sound corporate governance practices; and
- providing market competitive levels of target (i.e., opportunity) compensation.

Consideration of 2016 Stockholder Advisory Vote on Executive Compensation

At the 2017 Annual Meeting of Stockholders, stockholders approved our 2016 advisory vote on executive compensation with approximately 90.96% of the votes cast in favor. We believe that overwhelming support of our stockholders for the 2017 say-on-pay vote proposal indicates that our stockholders are generally supportive of our approach to executive compensation. In the future, we will continue to consider the outcome of our say-on-pay votes and other stockholder feedback when making compensation decisions regarding our named executive officers.

Structure of Our 2017 Executive Compensation Program

As discussed in more detail beginning on page 25, our 2017 executive compensation program is comprised of three different compensation elements:

Element of Pay	Description of Element
Base Salary	Annual fixed cash compensation established based on the scope of the responsibilities and individual experience of our named executive officers, taking into account competitive market compensation.
Annual Bonus	Annual cash bonuses to compensate named executive officers for achieving short-term financial and operational goals during the preceding fiscal year.
Long-Term Retention Plan Bonus (“LTRP”)	Long-term cash incentive paid over a six-year period through annual fixed payments as well as annual variable payments that depend on the value of our stock over the six-year period over which the bonus is paid.

Highlights of Our Executive Compensation Program in 2017

In making its compensation decisions for the 2017 performance year, the compensation committee recognized our company’s 2017 results and the contributions and accomplishments of the named executive officers to our continuing growth story. The following is a summary of the highlights of our 2017 executive compensation program:

- Base salary represents a relatively small percentage of total direct compensation for our named executive officers, with a significant portion of our named executive officers’ compensation based on the company’s demonstrated performance. As illustrated below, 94.0% of our chief executive officer’s total target direct compensation for our 2017 fiscal year was performance based and 90.4% of our other named executive officers’ average total target direct compensation was performance based.
- A significant portion of the compensation awarded under our 2017 executive compensation program is contingent upon both individual and company performance, in the case of our named executive officers. In 2017, subject to satisfaction of Minimum Eligibility Conditions (described under “2017 Annual Bonus and 2017 LTRP Bonus Performance Elements” below), the total amount of our chief executive officer’s annual bonus was based on pre-determined company performance criteria. For each of our other named executive officers, subject to satisfaction of the Minimum Eligibility Conditions, the cash award was partially based on pre-determined company performance criteria and partially based on qualitative assessment of individual performance.
- The bonuses granted to our named executive officers under our 2017 LTRP are paid out over a period of six years and subject to forfeiture if a named executive officer retires, resigns or terminates his employment for any reason, or if a named executive officer takes certain specified actions that could adversely affect our business. In addition, similar to the annual bonus, the 2017 LTRP bonus is tied directly to the satisfaction of minimum performance objectives. In the event the minimum performance objectives are satisfied, approximately 50% of the cash payable under the 2017 LTRP will move in tandem with increases or decreases in our stock price during the six year period over which the bonus is paid.
- We continue to provide no executive perquisites.

How Compensation Decisions are Made

Role of the Compensation Committee

Our compensation committee reviews and sets all compensation programs applicable to our executive officers and directors, our overall compensation strategy for all employees, and the specific compensation of our executive officers on an annual basis. In the course of this review, the compensation committee considers our current compensation programs and whether to modify them or introduce new programs or elements of compensation in order to better meet our overall compensation objectives. The compensation committee has the authority to select, retain and terminate special counsel and other experts (including compensation consultants), as the committee deems appropriate. Our compensation committee has, from time to time, engaged compensation consultants to assist the compensation committee in reviewing and developing recommendations related to fixed and performance-based to compensation for our named executive officers as well as the market terms for our LTRP agreements.

Role of Executive Officers and Consultants

While the compensation committee determines our overall compensation philosophy and sets the compensation of our executive officers, it looks to our chief executive officer and the senior vice president of human resources and the compensation consultants retained by the committee, if any, to work within the compensation philosophy to make recommendations to the compensation committee with respect to both overall guidelines and specific compensation decisions. Each of our chief executive officer and our vice president of human resources provides the board and the compensation committee with their perspective on the performance of our executive officers as part of the annual personnel review and succession planning discussions and recommends to the compensation committee specific salary amounts for executive officers, other than the chief executive officer, and recommendations on other compensation programs, which the compensation committee considers before making final compensation determinations. Our senior vice president of human resources works closely with the chairman of our compensation committee and attends certain compensation committee meetings to provide perspectives on the competitive landscape and the needs of the business, information regarding our performance, and technical advice.

[Table of Contents](#)

The compensation committee establishes compensation levels for our chief executive officer on its own or in consultation with the compensation consultants it retains, if any, and our chief executive officer is not present during any of these discussions.

Competitive Considerations

To set total compensation guidelines, the compensation committee reviews market data of companies against which the compensation committee believes our company competes for executive talent. The committee believes that it is necessary to consider this market data in making compensation decisions in order to attract and retain top-notch executive talent. To facilitate making external compensation comparisons, in late 2013, Mercer Consulting provided the compensation committee with competitive market data by analyzing proprietary third-party surveys and publicly-disclosed documents of companies in specified peer groups. When setting our named executive officers' base salary and total annual compensation for 2017, the compensation committee members considered the peer group data that had been previously prepared by Mercer Consulting in 2013, as adjusted for inflation, and also utilized both anecdotal and specific information based on personal experience and industry contacts, particularly with respect to Latin America.

In addition, in 2017, the compensation committee reviewed updated data from the following peer group selected in 2013, which consisted of companies of similar size within our industry:

Factset	Expedia
LinkedIn	Groupon
Red Hat	TripAdvisor
OpenTable	Netflix, Inc.
ValueClick	Homeaway
Shutterfly	

In 2013, when deciding whether a company should be included in the peer group, in addition to industry, the committee considered the following screening criteria:

- revenues;
- earnings before interest, depreciation and amortization;
- market capitalization; and
- total assets.

The market positioning of our named executive officers is within band, based on the peer group data prepared by Mercer in late 2013, as adjusted for inflation.

Elements of Compensation

The following table summarizes the various elements of compensation paid to our named executive officers, in each of 2017, 2016 and 2015. Due to the SEC's reporting requirements, the information set forth in the table below may not correspond with the amounts included in the table under the caption "Summary Compensation Table" below. However, we believe the following summary to be a more accurate reflection of the compensation actually paid in each of these years to our named executive officers.

Base Salary

Base salaries for our named executive officers are established based on the scope of their responsibilities and individual experience, taking into account competitive market compensation paid by the above peer companies for similar positions. Base salaries are reviewed at least annually for merit increases and cost of living adjustments, and adjusted from time to time to realign salaries with market levels based on the peer review and after taking into account individual responsibilities, performance and experience.

In reviewing base salaries for 2017, the compensation committee considered the comparative market data previously prepared by Mercer, as adjusted for inflation. The committee believes that each named executive officer’s salary level is appropriate in light of his roles and responsibilities within our company.

Annual Bonus

In addition to base salaries, each of our named executive officers is eligible to receive annual cash bonuses. The compensation committee uses annual cash bonuses to compensate named executive officers for achieving short-term financial and operational goals and, in the case of our named executive officers other than our president and chief executive officer, for achieving individual annual performance objectives during the preceding fiscal year. These objectives are generally established in the first half of the year and vary depending on the individual named executive officer, but relate generally to financial and operational targets as well as a cultural alignment assessment carried out by the chief executive officer for the rest of the named executive officers. If established objective thresholds for the annual performance period are not met, the executive does not receive a bonus under our annual cash bonus program for the year. After the end of each fiscal year, our actual performance is compared to the objectives established by our board of directors during the prior year to determine the annual cash bonus award payout.

For 2017, each named executive officer was eligible for a target annual bonus equal to 115.4 % of his annual base salary.

In 2017, subject to satisfaction of the Minimum Eligibility Conditions, 100 % of our chief executive officer’s annual bonus was based on the company performance criteria described below. For each of our other named executive officers, subject to satisfaction of the Minimum Eligibility Conditions, the award was partially based on such company performance criteria and partially based on the qualitative assessment of individual performance. For additional information regarding the calculation of the annual bonus of our named executive officers, see “—2017 Annual Bonus and 2017 LTRP Bonus Components” below.

A portion of each named executive officer’s annual bonus was based upon our company’s achievement of certain pre-determined goals for performance. For 2017, the compensation committee selected the following as the corporate performance (the “Consolidated Corporate Performance”) measures:

- Net revenues minus bad debt (excluding Venezuela), defined as our net revenues for 2017, less the portion of our bad debt that is uncollectible and after adjustments for unusual items as determined by the compensation committee, in each case, excluding Venezuela net revenues minus bad debt;
- Venezuela net revenues minus bad debt, defined as the net revenues of our Venezuelan operations for 2017, less the portion of our Venezuelan operations’ bad debt that is uncollectible and after adjustments for unusual items as determined by the compensation committee;
- Net income (excluding Venezuela), defined as our net income in 2017, excluding Venezuela net income, and after adjustments for unusual items as determined by the compensation committee;
- Venezuela net income, defined as the net income of Venezuelan operations in 2017 and after adjustments for unusual items as determined by the compensation committee;

- Competitive NPS, which stands for Net Promoter Score and is defined as a metric of our Marketplace customers' satisfaction, calculated as the percentage of promoters (customers who would likely recommend MercadoLibre) minus the percentage of detractors (customers who would not likely recommend MercadoLibre). This metric is measured by Ipsos, a global market research consultant, through anonymous surveys that compare MercadoLibre with its main e-commerce competitors in each country.

The Consolidated Corporate Performance measure is calculated as a weighted average of the financial metrics described above (as set forth below in "2017 Annual Bonus and 2017 LTRP Bonus Components"), which are converted from the local currency into to U.S. dollars at the previous year's applicable exchange rate, in order to mitigate the impact of fluctuations in local currencies on the company's operational performance.

For our named executive officers other than Mr. Gimenez, the quantitative portion of the award is equal to the Consolidated Corporate Performance measures. For Mr. Giménez the quantitative portion of the award is based 50% on Consolidated Corporate Performance and 50% based on certain MercadoPago operational performance measures. For Mr. Giménez, the objectives related to the 2017 operations of our MercadoPago business, are MercadoPago's penetration, which is defined as the total payment volume ("TPV") in the MercadoLibre e-commerce website in 2017 divided by the gross merchandise volume ("GMV") in 2016, off-platform net revenues, which mainly includes revenues generated off MercadoLibre's marketplace and financing revenues and off-platform TPV (collectively, the "MercadoPago Performance"). These are calculated using consolidated financial metrics which are converted from the local currency into U.S. dollars at the previous year's applicable exchange rate, which is intended to isolate the operational performance from fluctuations in local currencies.

The compensation committee believes these metrics are the strongest drivers of long-term stockholder value for our company. These elements each track off a target number and have a percentage weight, resulting in a total performance metric for each named executive officer. The compensation committee is given discretion to make adjustments to each element in order to reduce or eliminate the effect of unusual events and thus make better year-over-year performance comparisons. This process may involve subtracting or adding back both revenues and expenses from reported results to better reflect our core results. This policy also reflects the compensation committee's inability to predict unusual events when performance targets are established early in the fiscal year. With respect to annual bonus determinations for our 2017 fiscal year, in early 2018, the compensation committee met with our Vice President of Human Resources to consider any appropriate adjustments. For 2017, the adjustments approved by our compensation committee consisted of excluding the effect of Venezuela's deconsolidation and revising performance targets determined by mid-year forecast (which introduced changes to our growth and investment strategy).

Long-Term Retention Plans

2017 Long-Term Retention Plan

The compensation committee makes annual grants of long-term incentive to focus its executives on the company's long-term goals, in particular its share growth. The 2017 LTRP is designed to assist us in the retention of key employees that have valuable industry experience and developed competencies. As the company achieves the Minimum Eligibility Conditions for 2017 (as described below), the named executive officer will, subject to his continued employment as of each applicable payment date, receive the target amount of his 2017 LTRP award, payable as follows:

- the named executive officer will receive a cash payment equal to 16.66% of half of his or her 2017 LTRP bonus once a year for a period of six years (with the first payment occurring on or about March, 2018), (the "Annual Fixed Payment"); and
- on each date our company pays the Annual Fixed Payment to the named executive officer, he or she will also receive a cash payment equal to the product of (i) 16.66 % of half of the applicable 2017 LTRP bonus and (ii) the quotient of (a) the Applicable Year Stock Price (as defined below) over (b) \$164.17, the average closing price of our common stock on the NASDAQ during the final 60 trading days of 2016. For purposes of the 2017 LTRP, the "Applicable Year Stock Price" is the average closing price of our common stock on the NASDAQ during the final 60 trading days of the fiscal year preceding the fiscal year in which the applicable payment date occurs, for so long as our common stock is listed on the NASDAQ.

Under the 2017 LTRP, in the event of a participant's termination of employment (i) by the Company without cause (which shall not include the participant's death or disability) or (ii) due to the participant's resignation for good reason, in each of (i) and (ii), within 120 days prior to a change in control or on or after a change in control, 100% of the 2017 LTRP award payments that remain to be paid as of the date of such termination will vest in full and will be payable within 15 days following such termination of employment. Notwithstanding the above, in the event of a participant's death or disability, the compensation committee, in its discretion, may accelerate the vesting and payment of any portion of the 2017 LTRP that remains payable. The 2017 LTRP provides that good reason exists if, (a) a participant's duties, functions or responsibilities are materially diminished, (b) a participant's base salary or bonus opportunity is materially reduced or (c) a participant is required to relocate his principal office to a location that is more than fifty (50) miles from his then current principal office, and such circumstances remain uncured by us for thirty days. The 2017 LTRP generally defines a change in control as (a) any person acquiring beneficial ownership of at least 50% of the voting power of MercadoLibre, (b) a merger or consolidation of MercadoLibre which does not result in our stockholders continuing to hold more than 50% of the combined voting power of the surviving entity in the transaction or (c) a sale of all or substantially all of our assets

2017 LTRP Bonus

[Table of Contents](#)

The following table sets forth the nominal target value of the 2017 LTRP bonus and the portion of the 2017 LTRP bonus paid out for 2017 for each named executive officer:

	Nominal Target Value of 2017 LTRP Bonus (1)	Portion of 2017 LTRP Bonus Paid Out in respect of 2017(1)
Marcos Galperin	\$ 5,946,400	\$ 1,312,991
Pedro Arnt	\$ 1,120,000	\$ 247,301
Stelleo Tolda	\$ 1,250,000	\$ 276,006
Osvaldo Giménez	\$ 1,250,000	\$ 276,006
Daniel Rabinovich	\$ 1,500,000	\$ 331,207

- (1) The maximum amount of each named executive officer's 2017 LTRP bonus will depend on our stock price for the last 60-trading days of the applicable fiscal year. To the extent our stock price exceeds \$270.84 for one or more applicable periods, the amount of the executive's 2017 LTRP bonus will exceed 16% of the amount listed in the column above entitled "Nominal Target Value of Total 2017 LTRP Bonus." To the extent our stock price is less than \$270.84 for one or more applicable periods, the amount of the executive's 2017 LTRP bonus will be less than 16% of the amount in the column above entitled "Nominal Target Value of Total 2017 LTRP Bonus." Thus, total payments under the 2017 LTRP may be more or less than the target amount listed in the column above entitled "Nominal Target Value of Total 2017 LTRP Bonus."

Other Compensation and Benefits

Prior Long-Term Retention Plans. Our prior LTRPs, like our 2017 LTRP, provide our named executive officers, along with other members of senior management, the opportunity to receive certain cash payments subject to achievement of the Minimum Eligibility Conditions. If the Minimum Eligibility Conditions are achieved, each named executive officer is generally eligible to receive a fixed payment, payable in equal annual installments over a 6-8 year period and a variable payment on the same payment schedule, whose amount fluctuates based on the ratio of our average stock price for a period of trading days over the average stock price for a period of trading days in the year the LTRP award was granted to the named executive officer.

Equity awards. In 2009, our board adopted and our stockholders approved the 2009 Equity Compensation Plan. As of December 31, 2017, we had approximately 232,825 shares of common stock available for issuance under the 2009 Equity Compensation Plan.

Other compensation and benefits. We maintain broad-based benefits that are provided to certain full-time employees, including our named executive officers, including health insurance, extra vacation days, mobile telephones, executive education sponsorship programs, parking spaces and subsidized English, Spanish and/or Portuguese lessons. We also provide life insurance policies for some of our employees in Brazil and Argentina, including our named executive officers. We do not sponsor or maintain any pension plans for any of our employees.

Employment agreements. We have entered into employment agreements with each named executive officer as described below under “Employment Agreements.” Certain named executive officers may also receive benefits in the event of a change in control of our company as described under “Potential Payments Upon Termination or Change in Control.”

Life insurance and retirement benefits. We provide life insurance policies for each named executive officer, except for Mr. Galperin and Mr. Tolda, providing for coverage of up to \$750,000, with twice the level of coverage in the event of the named executive officer’s accidental death or disability. We also provide a retirement benefit for our named executive officers, except for Mr. Galperin and Mr. Tolda, which consists of monthly company contributions equal to 5% of the named executive officer’s base salary plus annual bonus and are credited with interest at a rate equal to 2-2.5%.

Relationship of Compensation Practices to Risk Management

When structuring our overall compensation practices for our employees generally, consideration is given as to whether the structure creates incentives for risk-taking behavior and therefore impacts our risk management practices. Attention is given to the elements and the mix of pay as well as ensuring that employees' awards align with stockholders' value.

The compensation committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements, as discussed on page 15. The compensation committee has assessed our compensation policies and practices for our employees in 2017 and has concluded that these policies and practices ensure appropriate levels of risk-taking, while avoiding unnecessary risks that could have a material adverse effect on our company.

Option Exercises and Stock Vested

Our named executive officers do not hold any outstanding equity awards in the company.

Pension Benefits

We do not have any plan that provides for payments or other benefits at, following, or in connection with the retirement of any of our employees. However, as required by law in certain countries where we operate, we deduct a percentage of each employee's salary, including our named executive officers, and remit it to governmental social security agencies or private pension fund administrators, depending on the regulatory regime established in each country.

Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plans

We do not have any defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified.

Employment Agreements

We have previously entered into employment agreements with each of our named executive officers. The term of each of these employment agreements is for an undetermined period.

Each named executive officer that is party to an employment agreement is entitled to receive the base salary set forth in such named executive officer's employment agreement, subject to the raises that we have provided to those named executive officers throughout the terms of their employment. In addition to base salary, the named executive officers may receive bonus compensation as we, in our sole discretion, elect to pay them in accordance with the bonus plan policy. The named executive officers are also entitled to reimbursement for reasonable out-of-pocket expenses that they incur on our behalf in the performance of their duties as named executive officers.

The employment agreements provide that, during a named executive officer's employment and for so long afterwards as any pertinent information remains confidential, such named executive officer will not use or disclose any confidential information that we use, develop or obtain. The agreements provide that all work product relating to our business belongs to us or our subsidiaries, and the named executive officer will promptly disclose such work product to us and provide reasonable assistance in connection with the defense of such work product.

The agreements also provide that, during a named executive officer's employment, and for a period of one year after the end of the named executive officer's employment in the event of termination without "just cause," and two years in the event of resignation or termination for "just cause" (the "non-competition period"), the named executive officer will not (1) compete directly or indirectly with us, (2) induce our or our subsidiaries' employees to terminate their employment with us or to engage in any competitive business or (3) solicit or do business with any of our present, past or prospective customers or the customers of our subsidiaries.

Potential Payments Upon Termination or Change in Control

We may terminate a named executive officer's employment in the event that we determine, in our sole discretion, that there is "just cause" (as defined below). If we terminate a named executive officer's employment for "just cause," such named executive officer will not be entitled to receive any severance benefits, except for severance obligations mandated under the laws of the country where the named executive officer resides. If we terminate the named executive officer's employment without "just cause," such named executive officer shall be entitled to a severance payment in an amount equal to the greater of (x) one year's gross base salary or (y) the severance obligations mandated under the laws of the country where the named executive officer resides.

"Just cause" means and includes (1) the commission by the executive officer of any gross misconduct or any offense serious enough for the relationship to become impossible to continue, including without limitation, the executive officer's willful and continuing disregard of the lawful written instructions of our board or such executive officer's superiors, (2) any action or any omission by the executive officer, resulting in such executive officer's breach of his duty of loyalty or any act of self-dealing, (3) any material breach by the executive officer of his duties and obligations under the employment agreement as decided by our board and (4) the executive officer's conviction, in our board of director's sole discretion, of any serious crime or offense for violating any law (including, without limitation, theft, fraud, paying directly or indirectly bribes or kick-backs to government officials, the crimes set forth in the U.S. Foreign Corrupt Practices Act of 1977 or the foreign equivalent thereof and the executive officer's embezzlement of funds of our company or any of our affiliates).

In September of 2001, we implemented the 2001 Management Incentive Bonus Plan (the "Incentive Plan"). As established in the Incentive Plan, our chief executive officer established which officers would be eligible for the Incentive Plan. Pursuant to the Incentive Plan, in the event we are sold, the eligible officers, as a group, are entitled to receive a "sale bonus" and a "stay bonus." If the purchase price is equal to or greater than \$20,000,000 then the eligible officers as a group are entitled to receive (1) a sale bonus equal to 5.5% of the purchase price and (2) a stay bonus equal to 7.1% of the purchase price, subject in both cases to a maximum combined cap of \$78,335,000. If the purchase price is less than \$20,000,000, then the eligible officers, as a group, are entitled to receive the "stay bonus" only. The bonuses are divided between the eligible officers, including our named executive officers and others, according to the participation percentages established by our chief executive officer, in accordance with the Incentive Plan.

For additional information regarding potential payments under our LTRPs in the event of a termination of employment, see "—Elements of Compensation—Long-Term Retention Plan—2017 Long-Term Retention Plan" and "—Prior Long-Term Retention Plans"

Under the terms of the life insurance policies provided to our named executive officers, other than Mr. Galperin and Mr. Tolda, in the event of the executive’s death (by natural causes) or disability, the executive or his or her beneficiary, as applicable, would be entitled to receive \$750,000 in proceeds from the third-party issuer of the policy. If the named executive officer dies in an accident, his or her beneficiary would be entitled to receive \$1,500,000, payable by the third-party issuer of the policy.

Under the terms of the retirement benefit provided to our named executive officers, except for Mr. Tolda and Mr. Galperin, in the event of their retirement, the named executive officer would be eligible to receive the amount accumulated with respect to the retirement benefit as of the date of retirement. Assuming the named executive officers who are eligible for the retirement benefit retired as of the last business day of 2017, the estimated amount of the benefits each named executive officer would receive under the terms of the retirement benefit are \$1,627 for Mr. Amt, \$11,540 for Mr. Gimenez and \$11,013 for Mr. Rabinovich.

Pay Ratio Disclosure

As required by Section 953(b) of the Financial Reform Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the median of the annual total compensation of all our employees, other than Mr. Galperin, to the annual total compensation of Mr. Galperin, our chief executive officer. We identified the median employee by examining the 2017 annual total compensation, consisting of base salary, annual bonus and LTRPs, if applicable, for all individuals, excluding Mr. Galperin, who were employed by us on December 31, 2017.

For 2017,

- The annual total compensation of our median employee was \$23,746; and
- The annual total compensation of our chief executive officer for purposes of determining the pay ratio was \$ 12,272,005.

Based on this information, for 2017, the ratio of the annual total compensation of our chief executive officer, to the annual total compensation of our median employee was estimated to be 517 to 1.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC regulations and guidance based on our payroll and employment records. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. Therefore, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Supplemental Ratio

We have calculated a supplemental ratio with the following differences from the aforementioned CEO pay ratio (which was calculated in accordance with the SEC's rules):

The amount of LTRP bonus to be paid is subject to the price of our common stock on the NASDAQ, which can result in significant variability in payout year over year. For purposes of the supplemental ratio, we have calculated the annual total compensation of our chief executive officer for 2017 using the target value of his 2017 LTRP award, which mitigates the effect of fluctuations in the price of our common stock.

In addition, for purposes of the supplemental ratio, in identifying our median employee for the purpose of calculating that employee's annual total compensation, we excluded all of our customer service representatives, whose responsibilities could be outsourced.

After making the above adjustments, the ratio of the annual total compensation of our chief executive officer to the annual total compensation of our median employee is estimated to be 230 to 1.

In addition, below is a chart comparing the most recent monthly minimum wage for a full-time employee in the main Latin American countries in which we operate, as reported by Mercer Human Resources, to an estimate of the current monthly minimum wage for a full-time employee in California.

MercadoLibre main locations	Monthly minimum wage in USD
Brazil	283
Argentina	509
Mexico	122
Colombia	247
Chile	439
U.S. (California state)	1848

The monthly minimum wage of a full-time employee in the main Latin American countries in which we operate, which is substantially lower than the estimate of the monthly minimum wage for a full-time employee located in California, may be useful to consider when comparing our CEO pay ratio with that of public companies whose workforce is predominantly located in the United States.

**PROPOSAL TWO:
ADVISORY VOTE TO APPROVE THE COMPANY'S EXECUTIVE COMPENSATION**

Section 14A of the Exchange Act added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "[Financial Reform Act](#)") provides our stockholders with an advisory (non-binding) vote to approve the compensation of our named executive officers as disclosed in this proxy statement.

As described in detail under "Executive Compensation," our compensation program is designed to align the interests of management with those of our stockholders, apply a pay-for-performance philosophy and attract and retain top management talent. Our board believes that our current executive compensation program directly links executive compensation to our performance and properly aligns the interests of our named executive officers with those of our stockholders by:

- Having a significant portion of the compensation awarded under our 2017 executive compensation program be contingent upon company performance;
- Having base salary represent a relatively small percentage of total direct compensation for our named executive officers; and
- Having components of our compensation, such as the LTRP, tied to drivers of stockholder value over the long-term.

See the information set forth under "Executive Compensation" for more information on these elements of our executive compensation program.

For these reasons, our board strongly endorses our company's executive compensation program and recommends that stockholders vote in favor of the following resolution:

"RESOLVED, that the company's stockholders approve, on an advisory basis, the compensation of the company's named executive officers, as disclosed in the MercadoLibre, Inc. Proxy Statement for the 2018 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and other related tables and disclosure."

THE BOARD RECOMMENDS A VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS FOR FISCAL YEAR 2017, AS DISCLOSED IN THIS PROXY STATEMENT.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal year 2017, Messrs. Malka (Chairman) and Caleznuk, and Vazquez served as members of our compensation committee. None of the current members of our compensation committee has ever been an officer or employee of our company or our subsidiaries or had any relationship with us requiring disclosure as a related party transaction under applicable rules of the SEC. During fiscal year 2017, none of our executive officers served as a member of the compensation committee of another entity, one of whose executive officers served on our compensation committee; none of our executive officers served as a director of another entity, one of whose executive officers served on our compensation committee; and none of our executive officers served as a member of the compensation committee of another entity, one of whose executive officers served as a member of our board. All members of our compensation committee are independent in accordance with the applicable rules of NASDAQ and our corporate governance guidelines.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers that obligate us to indemnify them to the fullest extent permitted by Delaware law.

Review, Approval or Ratification of Transactions with Related Parties

The board has delegated to the audit committee the responsibility to review and approve all transactions or series of transactions in which we or a subsidiary is a participant, the amount involved exceeds \$120,000 and a “related person” (as defined in Item 404 of Regulation S-K) has a direct or indirect material interest. Transactions that fall within this definition will be referred to the audit committee for approval, ratification or other action. Based on its consideration of all of the relevant facts and circumstances, the audit committee will decide whether or not to approve the transaction and will approve only those transactions that are in the best interests of our company.

AUDIT COMMITTEE REPORT

Pursuant to SEC rules for proxy statements, the audit committee of our board has prepared the following Audit Committee Report. The audit committee intends that this report clearly describe our current audit program, including the underlying philosophy and activities of the audit committee.

The audit committee of our board is composed of Mario Vázquez (Chairman), Meyer Malka and Susan Segal, all of whom are independent under the Listing Rules of NASDAQ and the rules and regulations of the SEC applicable to audit committees. The audit committee operates under a charter, which is posted on our investor relations website at <http://investor.mercadolibre.com> and annually reviewed by the board. This charter specifies the scope of the audit committee’s responsibilities and the manner in which it carries out those responsibilities.

The audit committee members are not professional accountants or auditors. Management has the primary responsibility for preparing the financial statements and designing and assessing the effectiveness of internal control over financial reporting. Management is also responsible for maintaining appropriate accounting and financial reporting principles and policies and the internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. In this context, the audit committee has reviewed and discussed with management the audited financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017.

The audit committee also has discussed with Deloitte & Co S.A. the matters required to be discussed by the PCAOB Auditing Standard 1301, “Communications with Audit Committees,” as amended.

The audit committee has received the written disclosures and the letter from Deloitte & Co S.A. required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Co S.A.’s communications with the audit committee concerning independence and has discussed with Deloitte & Co S.A. its independence.

Based on the audit committee’s review and discussions with management and Deloitte & Co S.A. described above, the audit committee recommended that our board include the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC.

The foregoing report does not constitute solicitation material and should not be deemed filed or incorporated by reference into any of our other filings under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this report by reference therein.

**PROPOSAL THREE:
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our audit committee has appointed Deloitte & Co. S.A. (“Deloitte”) to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2018, and stockholders are being asked to ratify the selection at the 2018 Annual Meeting. Representatives of Deloitte will not be present at the 2018 Annual Meeting in person. However, representatives will be present telephonically and will have the opportunity to make a statement and respond to appropriate questions.

Although ratification by stockholders is not a prerequisite to the ability of the audit committee to select Deloitte as our independent registered public accounting firm, we believe ratification to be desirable. Accordingly, our stockholders are being requested to ratify, confirm and approve the selection of Deloitte as our independent registered public accounting firm to conduct the annual audit of our consolidated financial statements for the year ending December 31, 2018. If the stockholders do not ratify the selection of Deloitte, the selection of the independent registered public accounting firm will be reconsidered by the audit committee; however, the audit committee may select Deloitte notwithstanding the failure of the stockholders to ratify its selection. If the appointment of Deloitte is ratified, the audit committee will continue to conduct an ongoing review of Deloitte’s scope of engagement, pricing and work quality, among other factors, and will retain the right to replace Deloitte at any time.

The audit committee considers Deloitte to be qualified to deliver independent auditing services to our company due to, among other things, their depth of experience, breadth of reserves, commitment to provide exceptional service, ability to handle transactional matters and location of key personnel.

Deloitte has served as our independent registered public accounting firm since 2010.

Audit and Non-Audit Fees

The following is a description of the fees billed to us by Deloitte for the years ended December 31, 2017 and 2016:

	<u>2017</u>	<u>2016</u>
Audit Fees	\$ 1,577,210	\$ 1,319,443
Audit-Related Fees	\$ 80,647	\$ 327,531
Tax Fees	\$ 56,125	\$ 113,517
All Other Fees	\$ 36,344	—
Total	\$ 1,750,326	\$ 1,760,491

Audit Fees

Audit fees represent the aggregate fees billed to us by Deloitte during the applicable fiscal year in connection with the annual audit of our consolidated financial statements, the audit of our internal control over financial reporting, the review of our interim financial statements and the review of our Annual Report on Form 10-K. Audit fees also include fees for services performed by Deloitte during the applicable fiscal year that are closely related to the audit and in many cases could only be provided by our independent registered public accounting firm. Such services include consents related to SEC registration statements and certain reports relating to our regulatory filings.

Audit-Related Fees

Audit-related fees represent the aggregate fees billed to us by Deloitte during the applicable fiscal year for assurance and related services reasonably related to the performance of the audit of our annual financial statements for those years.

Tax Fees

Tax fees represent the aggregate fees billed to us by Deloitte during 2017 and 2016 for tax compliance, tax planning and tax advice.

All Other Fees

All other fees represent the aggregate fees billed to us by Deloitte for those permissible non-audit services that the audit committee believes are routine and recurring and would not impair the independence of the independent registered public accounting firm and are consistent with the SEC’s rules on auditor independence.

Audit Committee Pre-Approval Policy

The audit committee’s policy is that all audit and non-audit services provided by its independent registered public accounting firm shall either be approved before the independent registered public accounting firm is engaged for the particular services or shall be rendered pursuant to pre-approval procedures established by the audit committee. These services may include audit services and permissible audit-related services, tax services and other services. The term of any pre-approval is twelve months from the date of pre-approval, unless the audit committee specifically provides for a different period. Any audit or non-audit service fees that we may incur that fall outside the limits pre-approved by the audit committee for a particular service or category of services require separate and specific pre-approval by the audit committee prior to the performance of services. For each fiscal year, the audit committee may determine the appropriate ratio between the total amount of fees for audit, audit-related and tax and other services. The audit committee may revise the list of pre-approved services from time to time. In all pre-approval instances, the audit committee will consider whether such services are consistent with the SEC rules on auditor independence.

[Table of Contents](#)

All of the fees paid to Deloitte during the years ended December 31, 2017 and 2016 described above were pre-approved by the audit committee in accordance with the audit committee pre-approval policy and before Deloitte was engaged for the particular service.

DELOITTE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

HEADQUARTERS INFORMATION

OTHER MATTERS

As of the date of this proxy statement, our board does not know of any matters to be presented at the 2018 Annual Meeting other than those specifically set forth in the Notice of 2018 Annual Meeting of Stockholders and this proxy statement. If other proper matters, however, should come before the 2018 Annual Meeting or any adjournment thereof, the proxies named in the enclosed proxy card intend to vote the shares represented by them in accordance with their best judgment in respect of any such matters.

STOCKHOLDER PROPOSALS FOR 2019 ANNUAL MEETING

A stockholder may present proper proposals for inclusion in our proxy statement and for consideration at the 2019 Annual Meeting of Stockholders by submitting their proposals in writing to us in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2019 Annual Meeting of Stockholders, our Corporate Secretary must receive the written proposal at our principal executive offices no later than December 31, 2018; provided, however, that in the event that we hold our 2019 Annual Meeting of Stockholders more than 30 days before or after the one-year anniversary date of the 2018 Annual Meeting, we will disclose the new deadline by which stockholders proposals must be received under Item 5 of our earliest possible quarterly report on Form 10-Q or, if impracticable, by any means reasonably calculated to inform stockholders. In addition, stockholder proposals must otherwise comply with the requirements of Rule 14a-8 of the Exchange Act. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

MercadoLibre, Inc.
Attn: Corporate Secretary
Arias 3751, 7th Floor
Buenos Aires, Argentina, C1430CRG

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders or nominate persons for election to our board at our annual meeting but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is (1) specified in the notice of a meeting (or any supplement thereto) given by or at the direction of the chairman of the board or our board of directors, (2) otherwise properly brought before the meeting by the chairperson or by or at the direction of a majority of our board of directors, or (3) properly brought before the meeting by a stockholder entitled to vote at the annual meeting who has delivered timely written notice to our Corporate Secretary, which notice must contain the information specified in our bylaws.

To be timely, our Corporate Secretary must receive the written notice at our principal executive offices not earlier than 90 days and not later than 60 days before the anniversary of the date on which we first mailed our proxy materials for the prior year's annual meeting of stockholders (i.e. between January 30, 2019 and March 1, 2019 for our 2019 Annual Meeting of Stockholders). However, in the event that the date of the 2019 Annual Meeting of Stockholders is advanced or delayed by more than 30 days from the first anniversary of the date of the 2018 Annual Meeting, in order to be timely, a proposal or nomination by the stockholder must be delivered not later than the later of (i) 90 days before the 2019 Annual Meeting of Stockholders or (ii) 10 days following the day on which public announcement of the date of such meeting is first made. The notice must satisfy the other requirements with respect to such proposals and nominations contained in our bylaws. If a stockholder fails to meet the deadlines in Rule 14a-8 and our bylaws or fails to comply with SEC Rule 14a-4, we may exercise discretionary voting authority under proxies we solicit to vote on any such proposal. Our bylaws were filed with the SEC as an exhibit to our registration statement on Form S-1 on May 11, 2007, which can be viewed by visiting our investor relations website at <http://investor.mercadolibre.com> and may also be obtained by writing to our Corporate Secretary at our principal executive office (Arias 3751, 7th floor, Buenos Aires, Argentina, C1430CRG).
