INTERNET AVAILABILITY OF PROXY MATERIALS

Under U.S. Securities and Exchange Commission (“SEC”) rules, we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On or about April 28, 2017, we first mailed to our stockholders (other than those who previously requested electronic or paper delivery of the proxy statement) a Notice of Internet Availability containing instructions on how to access our proxy materials, including our proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2016 (“2016 Annual Report”). The Notice of Internet Availability also instructs you on how to access your proxy card to vote through the Internet or by telephone.

This process is designed to expedite stockholders’ receipt of proxy materials, lower the cost of the annual meeting, and help conserve natural resources. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability. QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND OUR 2017 ANNUAL MEETING

Q: Why am I receiving these materials?

A: Our board of directors is providing these proxy materials to you in connection with our board's solicitation of proxies for use at our 2017 Annual Meeting which will take place on June 13, 2017. Stockholders are invited to attend the 2017 Annual Meeting and are requested to vote on the proposals described in this proxy statement.

Q: What information is contained in these materials?

A: The information included in this proxy statement relates to the proposals to be voted on at the 2017 Annual Meeting, the voting process, the compensation of our directors and our named executive officers, and certain other required information.

Q: Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

A: In accordance with SEC rules, we may furnish proxy materials, including this proxy statement and our 2016 Annual Report, which includes our audited consolidated financial statements for the year ended December 31, 2016, to our stockholders by providing access to these documents on the Internet instead of mailing printed copies. On or about April 28, 2017, we first mailed to our stockholders (other than those who previously requested electronic or paper delivery) a Notice of Internet Availability containing instructions on how to access our proxy materials, including our proxy statement and our 2016 Annual Report. The Notice of Internet Availability also instructs you on how to access your proxy card to vote through the Internet, by telephone or by mail. You will not receive printed copies of the proxy materials unless you request them. Instead, the Notice of Internet Availability will instruct you as to how you may access and review all of the proxy materials on the Internet. If you would like to receive a paper or electronic copy of our proxy materials, including a copy of our 2016 Annual Report, you should follow the instructions in the notice for requesting these materials.

Q: How do I get electronic access to the proxy materials?

A: The Notice of Internet Availability will provide you with instructions regarding how to:

- view our proxy materials for the 2017 Annual Meeting on the Internet; and
- instruct us to send our future proxy materials to you electronically by e-mail.

Choosing to receive your future proxy materials by e-mail will save us the cost of printing and mailing documents to you and will reduce the impact of printing and mailing these materials on the environment. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

Q: What proposals will be voted on at the 2017 Annual Meeting?

A: There are four proposals scheduled for a vote at the 2017 Annual Meeting:

- the election of the three Class I directors nominated and recommended by our board, each to serve until the 2020 Annual Meeting of Stockholders or until such time as their respective successors are elected and qualified;
- the approval, on an advisory basis, of the compensation of our named executive officers for fiscal year 2016;
- the approval, on an advisory basis, of the frequency of the advisory vote on the compensation of our named executive officers; and
- the ratification of the appointment of Deloitte & Co. S.A. as our independent registered public accounting firm for the fiscal year ending December 31, 2017.

Q: What are our board's voting recommendations?

A: Our board recommends that you vote your shares:

- "FOR" the election of the three Class I directors nominated and recommended by our board;
- "FOR" the approval, on an advisory basis, of the compensation of our named executive officers for fiscal year 2016;

Table of Contents

- “FOR” the approval, on an advisory basis, of continuing to hold an advisory vote on the compensation of our named executive officers every year; and
- “FOR” the ratification of the appointment of Deloitte & Co. S.A. as our independent registered public accounting firm for 2017.

Q: How many shares are entitled to vote?

A: Each share of our common stock outstanding as of the close of business on April 21, 2017, the record date, is entitled to one vote at the 2017 Annual Meeting. At the close of business on April 17, 2017, 44,157,364 shares of our common stock were outstanding and entitled to vote. You may vote all of the shares owned by you as of the close of business on the record date and each share of common stock held by you on the record date represents one vote. These shares include shares that are (1) held of record directly in your name and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most stockholders of MercadoLibre hold their shares beneficially through a stockbroker, bank or other nominee rather than directly in their own name. There are some distinctions between shares held of record and shares owned beneficially, specifically:

Shares held of record

If your shares are registered directly in your name with our transfer agent, Computershare, you are considered the stockholder of record with respect to those shares, and the Notice of Internet Availability was sent directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to us. If you requested to receive printed proxy materials, we have enclosed or sent a proxy card for you to use. Each stockholder of record is entitled to vote by proxy as described in the Notice of Internet Availability and below.

Shares held in brokerage account or by a bank

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the Notice of Internet Availability was forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner or nominee, you have the right to direct your broker or other nominee on how to vote the shares in your account.

Q: Can I attend the 2017 Annual Meeting?

A: You are invited to participate in the 2017 Annual Meeting if you are a stockholder of record or a beneficial owner at the close of business on April 21, 2017. Any stockholder can attend the 2017 Annual Meeting via the Internet at <http://www.virtualshareholdermeeting.com/MELI>. We encourage you to access the Annual Meeting online prior to its start time. Instructions on how to attend and participate via the Internet, including how to demonstrate proof of stock ownership, are posted at <http://investor.mercadolibre.com>.

Q: How can I vote my shares?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may vote as follows:

- If you are a stockholder of record, you may vote by proxy over the Internet or by telephone by following the instructions provided in the Notice of Internet Availability, or, if you requested to receive printed proxy materials, you can also vote by mail pursuant to instructions provided on the proxy card. You may also attend the Annual Meeting at 12:00 p.m., Eastern time, on June 13, 2017 via the Internet at <http://www.virtualshareholdermeeting.com/MELI> and vote during the Annual Meeting using the control number we have provided to you.
- If you hold shares beneficially in street name, you may also vote by proxy over the Internet or by telephone by following the instructions provided in the Notice of Internet Availability, or, if you requested to receive printed proxy materials, you can also vote by mail by following the voting instruction card provided to you by your broker, bank, trustee or nominee.

Under Delaware law, votes cast by Internet or telephone have the same effect as votes cast by submitting a written proxy card.

Q: Can I change my vote or revoke my proxy?

A: If you are the stockholder of record, you may change your proxy instructions or revoke your proxy at any time before your proxy is voted at the 2017 Annual Meeting. Proxies may be revoked by any of the following actions:

- filing a timely written notice of revocation with our Corporate Secretary at our principal executive office (Arias 3751, 7th Floor, Buenos Aires, Argentina, C1430CRG);

[Table of Contents](#)

- granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method); or
- attending the 2017 Annual Meeting online and voting via the Internet using the control number we have provided to you (attendance at the meeting will not, by itself, revoke a proxy).

If your shares are held through a brokerage account or by a bank or other nominee, you may change your vote by:

- submitting new voting instructions to your broker, bank, or nominee following the instructions they provided; or
- if you have obtained a legal proxy from your broker, bank, or nominee giving you the right to vote your shares, by attending the 2017 Annual Meeting and voting in person.

Q: How are votes counted?

A *Election of three Class I Directors.* In the election of three Class I directors, you may vote “for” any or all of the nominees for Class I directors or you may “withhold” your vote with respect to any or all of the nominees for Class I director. Only votes “for” will be counted in determining whether a plurality has been cast in favor of a nominee for Class I director.

Advisory Vote to Approve our Named Executive Officers’ Compensation for 2016. In the approval, on an advisory basis, of the compensation of our named executive officers for fiscal year 2016, you may vote “for,” “against” or “abstain.” If you elect to abstain from voting, the abstention will have the same effect as a vote against this proposal.

Advisory Vote on the Frequency of the Advisory Vote on the Compensation of our Named Executive Officers: In the approval, on an advisory basis, of the frequency of the advisory vote on our named executive officers’ compensation, you may vote for every one, two or three years, or you may “abstain.” If you elect to abstain from voting, the abstention will have no effect on the outcome of this proposal.

Ratification of Appointment of Independent Auditor. In the proposal to ratify the appointment of our independent registered public accounting firm for 2017, you may vote “for,” “against” or “abstain.” If you abstain from voting, it will have the same effect as a vote against this proposal.

No cumulative voting rights are authorized, and dissenter’s rights are not applicable to these matters.

If you sign and return your proxy card or broker voting instruction card without giving specific voting instructions, your shares will be voted “FOR” the election of the three Class I directors nominated and recommended by our board and named in this proxy statement, “FOR” approval of our executive compensation, “FOR” the ratification of the approval of our independent auditors, and at the discretion of the proxies in any other matters properly brought before the 2017 Annual Meeting.

If you are a beneficial holder and do not return a voting instruction card, your broker is only authorized to vote on the ratification of the approval of our independent auditors. See “What are broker non-votes and what effect do they have on the proposals?”

Q: Who will count the votes?

A: A representative of Broadridge will tabulate the votes at the 2017 Annual Meeting and act as the inspector of elections.

Q: What is the quorum requirement for the 2017 Annual Meeting?

A: The quorum requirement for holding the 2017 Annual Meeting and transacting business is a majority of the outstanding shares entitled to vote. The shares may be present in person or represented by proxy at the 2017 Annual Meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

Q: What is the voting requirement to approve each of the proposals?

A *Election of three Class I Directors.* The Class I directors will be elected by a plurality of the votes of the shares present in person or by means of remote communication or represented by proxy and entitled to vote on the matter, meaning that the three Class I director nominees receiving the highest number of “FOR” votes will be elected.

Table of Contents

Advisory Vote to Approve our Named Executive Officers' Executive Compensation for 2016. The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the matter is required to approve our named executive officers' compensation for fiscal year 2016. This vote is advisory and will not be binding on the company, the board of directors or the compensation committee.

Advisory Vote on the Frequency of the Advisory Vote on our Named Executive Officers' Compensation: The option of one year, two years or three years that receives the majority of votes cast by stockholders will be the frequency for the advisory vote on our named executive officers' compensation that has been selected by stockholders. This vote is advisory and will not be binding on the company or the board of directors.

Ratification of Appointment of Independent Auditor. The vote of a majority of the shares present in person or represented by proxy is required to ratify the appointment of our independent registered public accounting firm for 2017.

Q: What are broker non-votes and what effect do they have on the proposals?

A: Generally, broker non-votes occur when shares held by a broker, bank or other nominee in "street name" for a beneficial owner are not voted with respect to a particular proposal because (1) the broker, bank or other nominee has not received voting instructions from the beneficial owner and (2) the broker, bank or other nominee lacks discretionary voting power to vote those shares. A broker, bank or other nominee is entitled to vote shares held for a beneficial owner on "routine" matters without instructions from the beneficial owner of those shares, but is not entitled to vote shares held for a beneficial owner on any non-routine matter without instruction from the beneficial owner. The ratification of the appointment of our independent registered public accounting firm is considered to be a routine matter for which brokers, banks or other nominees holding shares in street name may exercise discretionary voting power in the absence of voting instructions from the beneficial owner. As a result, broker non-votes will not arise in connection with, and thus will have no effect on, this proposal.

Unlike the proposal to ratify the appointment of our independent auditors, the election of directors, the advisory vote on our named executive officers' compensation for fiscal year 2016 and the advisory vote on the frequency of the advisory vote on our named executive officers' compensation are each considered a "non-routine" matter. As a result, brokers, banks or other nominees holding shares in street name that have not received voting instructions from their clients cannot vote on their clients' behalf on these proposals. **Therefore, it is very important that you provide your broker, bank or other nominee who is holding your shares in street name with voting instructions with respect to these proposals in one of the manners set forth in this proxy statement.** Under Delaware law, broker non-votes that arise in connection with the election of directors, the advisory vote on our named executive officers' compensation for fiscal year 2016 or the advisory vote on the frequency of the advisory vote on our named executive officers' compensation will have no effect on these proposals.

Q: Where can I find the voting results of the 2017 Annual Meeting?

A: We will announce final voting results in a current report on Form 8-K that will be filed with the SEC within four business days after the 2017 Annual Meeting and that will also be available on our investor relations website at <http://investor.mercadolibre.com>.

Q: Who will bear the cost of soliciting votes for the 2017 Annual Meeting?

A: We will pay the entire cost of preparing, assembling, printing, mailing, and distributing these proxy materials. If you choose to access the proxy materials and/or vote over the Internet, you are responsible for any Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities.

**PROPOSAL ONE:
ELECTION OF THREE CLASS I DIRECTORS**

Our certificate of incorporation provides for our board to be divided into three classes, with each class having a three-year term. In accordance with our certificate of incorporation and bylaws, the number of directors that constitutes our board of directors is fixed from time to time by a resolution duly adopted by our board. Our board currently consists of ten members. Information as to the directors currently comprising each class of directors and the current term expiration date of each class of directors is set forth in the following table:

<u>Class</u>	<u>Directors Comprising Class</u>	<u>Current Term Expiration Date</u>
Class I	Susan Segal Michael Spence Mario Eduardo Vázquez Alejandro Nicolas Aguzin	2017 Annual Meeting
Class II	Nicolás Galperin Meyer Malka Javier Olivan	2018 Annual Meeting
Class III	Emiliano Calemzuk Marcos Galperin Roberto Balls Sallouti	2019 Annual Meeting

A director elected to fill a vacancy (including a vacancy created by an increase in the size of our board) will serve for the remainder of the term of the class of directors in which the vacancy occurred and until his or her successor is elected and qualified, or until his or her earlier death, resignation or removal. As discussed in greater detail below in “Information on our Board of Directors—Director Independence and Family Relationships,” our board has determined that eight of the ten current members of our board are independent directors within the meaning of the listing standards of The NASDAQ Global Market (the “NASDAQ”) and our corporate governance guidelines.

The terms of our four Class I directors are set to expire at the 2017 Annual Meeting. In connection with its annual review and upon the recommendation of the nominating and corporate governance committee, our board has determined that it is in the best interests of the company to reduce the size of the board of directors to nine members, which reduction shall become effective at the 2017 Annual Meeting. The nominating and corporate governance committee recommended, and our board nominated, each of Susan Segal, Mario Eduardo Vázquez and Alejandro Nicolas Aguzin as nominees for re-election as Class I directors of our Company at the 2017 Annual Meeting. If elected at the 2017 Annual Meeting, each of the Class I director nominees will serve until our 2020 Annual Meeting of Stockholders and until his successor is duly elected and qualified, or until his earlier death, resignation, or removal. After consultation with Michael Spence, our board and Mr. Spence agreed that he would not be nominated for re-election and accordingly, his term will expire at the 2017 Annual Meeting.

If any of the nominees is unexpectedly unavailable for election, shares represented by validly delivered proxies will be voted for the election of a substitute nominee proposed by our nominating and corporate governance committee or our board may determine to reduce the size of our board. Each person nominated for election and named above has agreed to serve if elected.

Set forth below is biographical information for the nominees, as well as the key attributes, experience and skills that the board believes each nominee brings to the board.

Nominees for Election as Class I Directors

Class I Directors

Susan Segal, 64, joined our board in April 2012 and has served as a member of the audit committee since 2012. Ms. Segal has been president and chief executive officer of the Americas Society and Council of the Americas since 2003, after having worked in the private sector for more than 30 years. Prior to her current position, Ms. Segal was a founding partner of her own investment advisory firm focused primarily on Latin America and the U.S. Hispanic market. Previously, she was a partner and Latin American Group Head at JPMorgan Partners/Chase Capital Partners, where she pioneered early stage venture capital investing in Latin America. Prior to joining Chase Capital Partners, Ms. Segal was a senior managing director focused on Emerging Markets Investment Banking and Capital Markets at Chase Bank and its predecessor banks. She was actively involved in developing investment banking, building an emerging-market bond-trading unit for Latin America and was also involved in the Latin American debt crisis of the 1980s and early 1990s both chairing and sitting on various advisory committees. Ms. Segal is on the Board of Directors of Scotiabank, where she serves as chairperson of the Corporate Governance Committee and member of the

[Table of Contents](#)

Risk Committee. Additionally, she is a director and chairperson of Scotiabank USA, a non-public subsidiary of Scotiabank. She also serves as a director of the Tinker Foundation and is a member of the Council of Foreign Relations. In 1999, she was awarded the Order of Bernardo O'Higgins Grado de Gran Oficial in Chile and in 2009 President Uribe of Colombia honored her with the Cruz de San Carlos. In 2012, she was awarded the Order of the Aztec Eagle in Mexico. Ms. Segal received a master's in business administration from Columbia University and a bachelor's degree from Sarah Lawrence College. Ms. Segal previously served as a director of our company from 1999 to 2002.

Key Attributes, Experience and Skills:

Ms. Segal's impressive experience includes her background studying the economies of Latin American countries. She is also well-versed in Latin America's prospects for growth, integration, and economic and social development, and she is knowledgeable about economic inclusion, social empowerment, markets, overall business environment, diversity issues and risk assessment. Her background includes experience in trade, private equity, venture capital, social media, and infrastructure. Ms. Segal's decades of experience in Latin America have enabled her to create an extensive network among Latin America's political and business leaders. Given the increasing political and other challenges involved with doing business across national borders in Latin America, the board believes that Ms. Segal's prior experience and extensive knowledge of these affairs qualify her to serve as a director of our company.

Mario Eduardo Vázquez, age 81, joined our board in May 2008, has served as chairman of the audit committee since May 2008 and has served as a member of the nominating and corporate governance committee since March 2009. Mr. Vázquez serves as a member of the board of directors and as the president of the audit committee of Globant S.A. (NYSE: GLOB) and Decolar.com, Inc. Mr. Vázquez served as the chief executive officer of Grupo Telefónica in Argentina from June 2003 to November 2006, and served as a member of the board of directors of Telefónica S.A. Spain from November 2000 to November 2006. He has also served as a regular member of the board of directors of Telefónica Argentina S.A. and Telefónica Holding Argentina S.A., and as alternate member of the board of directors of Telefónica de Chile S.A. until 2012. Mr. Vázquez served as a member of the board of directors of YPF S.A. and as the president of the Audit Committee of YPF S.A. until 2012. Since November 2006, Mr. Vázquez has pursued personal interests in addition to his service as a director. Mr. Vázquez spent 23 years as a partner and general director of Arthur Andersen for Argentina, Chile, Uruguay and Paraguay (Pistrelli, Diaz y Asociados and Andersen Consulting—Accenture), where he served for a total of 33 years until his retirement in 1993. Mr. Vázquez previously taught as a professor of Auditing at the Economics School of the University of Buenos Aires. Mr. Vázquez received a degree in accounting from the University of Buenos Aires.

Key Attributes, Experience and Skills:

Mr. Vázquez was chosen to join our board specifically to serve our audit committee as its audit committee financial expert. We targeted a director with financial and auditing experience specific to Latin American businesses. Mr. Vázquez worked in auditing for Arthur Andersen for 33 years total, including 23 years as a partner and general director, in many of our markets, including Argentina, Chile, Uruguay and Paraguay. He also brings an academic perspective to the position from his time as a professor of Auditing at the Economics School of the University of Buenos Aires. Finally, Mr. Vázquez has employed these skills as a board member of several other technology and other companies, thus has important experience serving as a director and audit committee member.

Alejandro Nicolás Aguzin, aged 48, joined our Board in January 2017. Mr. Aguzin is the Chairman & CEO for J.P. Morgan Asia Pacific, overseeing the firm's overall activities across Asia Pacific, as well as directly managing the Banking franchise throughout the region. He chairs the Asia Pacific Management Committee, and is also a member of J.P. Morgan's firmwide Corporate & Investment Bank Management Committee. Mr. Aguzin was previously the CEO for J.P. Morgan Latin America, responsible for overseeing all of J.P. Morgan's activities in Latin America. He was also the Head of Investment Banking Coverage, Mergers & Acquisitions and Capital Markets in the region. He joined J.P. Director Independence and Family Relationships

NASDAQ rules require listed companies to have a board of directors with at least a majority of independent directors. Under NASDAQ's rules, in order for a director to be deemed independent, our board must determine that the individual does not have a relationship that would interfere with the director's exercise of independent judgment in carrying out his or her responsibilities as a director of our company. As part of our corporate governance guidelines, our board has adopted guidelines setting forth categories of relationships that it has deemed material for purposes of making a determination regarding a director's independence. On an annual basis, each member of our board is required to complete a questionnaire designed to provide information to assist our board in determining whether the director is independent under NASDAQ rules and our corporate governance guidelines. Our board has determined that each of Messrs. Caleznuk, Malka, Olivan, Spence, Vázquez, Sallouti, Aguzin and Ms. Segal, is independent under the listing standards of NASDAQ and our corporate governance guidelines. Our governance guidelines require any director who has previously been determined to be independent to inform the chairman of our board and our corporate secretary of any change in circumstance that may cause his or her status as an independent director to change.

Other than Marcos Galperin and Nicolás Galperin, who are brothers, there are no family relationships among our officers and directors, nor are there any arrangements or understandings between any of our directors or officers or any other person pursuant to which any officer or director was or is to be selected as an officer or director.

Board Leadership Structure

We do not have a fixed policy with respect to the separation of the offices of the chairman of the board and chief executive officer and believe that any determination in this regard is part of the executive succession planning process. The board understands that there is no single, generally accepted approach to providing board leadership and, in light of the competitive and dynamic environment in which we operate, the appropriate board leadership structure may vary from time to time as circumstances warrant.

Mr. Galperin currently serves as both our chairman and our president and chief executive officer. Our board believes service in these dual roles is in the best interests of our company and our stockholders. Mr. Galperin co-founded our company, has served as chief executive officer since our inception and is the only member of management on the board. The board is confident that he possesses the most thorough knowledge of the issues, opportunities and challenges facing us and our business and, accordingly, is the person best positioned to develop agendas that ensure that the board's time and attention are focused on the most critical matters. His combined role enables decisive leadership, ensures clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to our stockholders, employees and users.

Because the board also believes that strong, independent board leadership is a critical aspect of effective corporate governance, the board has established the position of lead independent director. The lead independent director is an independent director elected annually by the board. Mr. Caleznuk currently serves as the lead independent director, a position to which he was appointed in February 2016. As lead independent director, he chairs and has authority to call formal closed sessions of the independent directors, leads board meetings in the absence of the chairman, and leads the annual board self-assessment process. In addition, the lead independent director, together with the chair of the nominating and corporate governance committee, conducts interviews to confirm the continued qualification and willingness to serve of each director whose term is expiring at an annual meeting prior to the time at which directors are nominated for re-election.

Our board will continually evaluate the current leadership structure of the board with the goal of maximizing its effectiveness.

Risk Oversight

Our board of directors provides various forms of risk oversight. As part of this process, the board seeks to identify, prioritize, source, manage and monitor our critical risks. To this end, our board periodically, and at least annually, reviews the material risks faced by us, our risk management processes and systems and the adequacy of our policies and procedures designed to respond to and mitigate these risks.

The board has generally retained the primary risk oversight function and has an active role, in its entirety and also at the committee level, in overseeing management of our material risks. The board regularly reviews information regarding our operations, strategic plans and liquidity, as well as the risks associated with each. The audit committee oversees management of financial and internal control risks as well as the risks associated with related party transactions. Our head of internal audit reports directly to the audit committee. The compensation committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The nominating and corporate governance committee oversees the management of risks associated with the composition and independence of our board and oversees our corporate governance policies and procedures related to risk management, including our whistleblower procedures, insider trading policy and corporate governance guidelines. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board of directors is regularly informed through committee reports about such risks.

Stockholder Communications with our Board

Stockholders may communicate with our board, board committees or individual directors, including the lead independent director, c/o Corporate Secretary, Arias 3751, 7th Floor, Buenos Aires, Argentina, C1430CRG. The nominating and corporate governance committee has delegated responsibility for initial review of stockholder communications to our manager of investor relations. In accordance with the committee's instructions, our investor relations team will summarize all correspondence and make it available to each member of our board. In addition, the manager of investor relations will forward copies of all stockholder correspondence to each member of the nominating and corporate governance committee, except for communications that are (a) advertisements or promotional communications, (b) solely related to complaints by users with respect to ordinary course of business customer service and satisfaction issues, or (c) clearly unrelated to our business, industry, management, or board or committee matters.

Attendance at Annual Meetings

We do not have a policy regarding director attendance at annual meetings of our stockholders. No members of our board of directors were able to attend our 2016 Annual Meeting of Stockholders in person.

Formal Closed Sessions

At the conclusion of each regularly scheduled board meeting, the independent directors have the opportunity to meet without our management or the other directors. The lead independent director leads these discussions.

Board Compensation

Board compensation is determined by our board following a recommendation from our compensation committee. Only the directors who our board determines to be independent directors receive compensation for their service. Board compensation for our independent directors has in recent years primarily consisted of cash compensation. Director compensation is reviewed from time to time by the compensation committee for recommendation to our board. Current board compensation is described under the heading "Compensation of Directors" below.

Outside Advisors

The board and each of its committees may retain outside advisors and consultants of their choosing at our expense. The board need not obtain management's consent to retain outside advisors.

Conflicts of Interest

We expect our directors, executives and employees to conduct themselves with the highest degree of integrity, ethics and honesty. MercadoLibre's credibility and reputation depend upon the good judgment, ethical standards and personal integrity of each director, executive, and employee. In order to better protect MercadoLibre and its stockholders, we periodically review our code of business conduct and ethics to ensure that it provides clear guidance to our employees and directors.

Transparency

We believe it is important that our stockholders understand our governance practices. In order to help ensure the transparency of our practices, we have posted information regarding our corporate governance procedures on our investor relations website at <http://investor.mercadolibre.com>.

Board Effectiveness and Director Performance Reviews

It is important to us that our board and its committees are performing effectively and in the best interests of our company and our stockholders. The board and each committee performs an annual self-assessment to evaluate its effectiveness in fulfilling its obligations. As part of this annual self-assessment, directors are able to provide feedback on the performance of other directors. Our lead independent director follows up on this feedback and takes such further action with directors receiving comments and other directors as she deems appropriate.

Succession Planning

The board recognizes the importance of effective executive leadership to MercadoLibre's success, and meets to discuss executive succession planning at least annually. As part of this process, our board reviews the capabilities of our senior leadership as set out in written succession planning documents and identifies and discusses potential successors for members of our executive staff, including the chief executive officer. Our nominating and corporate governance committee leads the succession planning process for our chief executive officer and other senior officers and performs a similar analysis with respect to the rest of our board.

Auditor Independence

We have taken a number of steps to ensure the continued independence of our independent registered public accounting firm. Our independent registered public accounting firm reports directly to the audit committee, and we limit the use of our auditors for non-audit services. The fees for services provided by our auditors in 2016 and 2015 and our policy on pre-approval of non-audit services are described under the section below entitled "Proposal Three: Ratification of Independent Registered Public Accounting Firm."

Corporate Hotline

We have established a corporate telephone hotline and Internet site to allow any employee to confidentially and anonymously lodge a complaint about any accounting, internal control, auditing or other matter of concern.

Board Committees

Board committees help our board perform effectively and efficiently, but do not replace the oversight of our board as a whole. There are currently three principal standing board committees: the audit committee, the compensation committee and the nominating and corporate governance committee. Each committee meets regularly and has a written charter that has been approved by our board, which is available on our investor relations website at <http://investor.mercadolibre.com>. In addition, at each regularly scheduled board meeting, a member of each committee reports on any significant matters addressed by the committee subsequent to the board's most recent prior meeting. Each committee performs an annual self-assessment to evaluate its effectiveness in fulfilling its obligations.

The following table lists the current members of each of our three principal standing board committees:

	<u>Audit</u>	<u>Compensation</u>	<u>Nominating & Corporate Governance</u>
Emiliano Caleznuk*		X	Chair

- such other matters that are specifically delegated to the nominating and corporate governance committee by our board from time to time.

Our board has adopted a written charter for our nominating and corporate governance committee, which is posted on our investor relations website at <http://investor.mercadolibre.com>. That charter requires the nominating and corporate governance committee to consider the desired composition of our board, including such factors as expertise and diversity, and our corporate governance guidelines provide that, in consideration of the composition of our board, diversity of backgrounds and expertise should be emphasized.

The nominating and corporate governance committee met twice and took one action by unanimous written consent during the fiscal year ended December 31, 2016.

Other Committees

From time to time, our board may establish other committees as circumstances warrant. Those committees will have the authority and responsibility as delegated to them by our board.

Code of Business Conduct and Ethics

Our board has adopted a code of business conduct and ethics that applies to our officers, directors and employees. Among other matters, our code of business conduct and ethics is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in our SEC filings and other public communications;
- compliance with applicable governmental laws, rules and regulations;
- prompt internal reporting of violations of the code to appropriate persons identified in the code; and
- accountability for adherence to the code.

Our audit committee must approve any waiver of the code of business conduct and ethics for our executive officers or directors, and any waiver shall be promptly disclosed. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K relating to amendments to or waivers from any provision of the code of business conduct and ethics applicable to our chief executive officer and chief financial officer by posting the required information on our investor relations section of our website at <http://investor.mercadolibre.com>.

Director Nominations

Nominating and Corporate Governance Committee. The nominating and corporate governance committee of our board performs the functions of a nominating committee. The nominating and corporate governance committee's charter describes the committee's responsibilities, including identifying, reviewing, evaluating and recommending director candidates for nomination by our board. Our corporate governance guidelines also contain information concerning the responsibilities of the nominating and corporate governance committee with respect to identifying and evaluating director candidates. Both documents are published on our investor relations website at <http://investor.mercadolibre.com>.

Director Candidate Recommendations and Nominations by Stockholders. The nominating and corporate governance committee's charter provides that the committee will consider director candidates recommended by stockholders. The charter of the nominating and corporate

governance committee provides that it will evaluate all candidates for election to our board, regardless of the source from which the candidate was first identified, based on the totality of the merits of each candidate and not based upon minimum qualifications or attributes. Stockholders should submit any such recommendations for the consideration of our nominating and corporate governance committee through the method described under “Stockholder Communications” above. In addition, any stockholder of record entitled to vote for the election of directors may nominate persons for election to our board if that stockholder complies with the notice procedures summarized in “Stockholder Proposals for 2018 Annual Meeting” beginning on page 45 of this proxy statement.

Process for Identifying and Evaluating Director Candidates. The nominating and corporate governance committee evaluates all director candidates in accordance with the criteria described in our corporate governance guidelines and the nominating and corporate governance committee charter. The committee evaluates any candidate’s qualifications to serve as a member of our board based on the skills and characteristics of individual board members as well as the composition of our board as a whole. In addition, the nominating and corporate governance committee will evaluate a candidate’s independence, skills, experience, reputation, integrity, potential for conflicts of interest and other appropriate qualities in the context of our board’s needs.

Director diversity. We do not have a formal policy about diversity of our board membership, but the nominating and corporate governance committee will consider a broad range of factors when nominating individuals for election as directors, including differences of viewpoint, professional experience, education, skill, other personal qualities and attributes, race, gender and national origin. The nominating and corporate governance committee neither includes nor excludes any candidate from consideration solely based on the candidate’s diversity traits.

Directors Attendance at Meetings of our Board of Directors and Board Committees

Our board held four meetings and took three actions by written consent during the fiscal year ended December 31, 2016. Except for Mr. Spence, all other directors attended 75% or more of the aggregate of all meetings of the board of directors and the board committees on which they served during 2016.

DIRECTOR COMPENSATION

On August 2, 2016, our board, upon the recommendation of the compensation committee, adopted a director compensation program that sets compensation for our independent directors for the period from June 2016 to June 2019. The 2016 portion of this director compensation program (the “2016 Director Program”), which became effective as of June 10, 2016, provides that each independent director receives an annual fee for board services from June 10, 2016 to June 9, 2017 comprised of a non-adjustable board service award and an adjustable board service award. The non-adjustable board service award consists of a fixed cash payment of \$60,000. The adjustable board service award consists of a fixed cash amount of \$100,000 multiplied by the quotient of (a) the average closing sale price of our common stock on NASDAQ during the 30-trading day period preceding the 2017 Annual Meeting divided by (b) the average closing sale price of our common stock on NASDAQ during the 30-trading day period preceding the 2016 Annual Meeting of Stockholders.

The compensation committee periodically considers our director compensation policy with a primary objective of matching compensation levels to the relative demands associated with serving on our board and its various committees.

Directors who are not classified as independent directors do not receive any compensation for their service as directors. Non-employee directors are reimbursed for travel and other reasonable out-of-pocket expenses incurred in attending meetings of our board and its committees.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In this section, we describe and discuss our executive compensation programs, including our philosophy to align our executive officers' incentive with stockholder value creation, the material elements of compensation paid to each of our named executive officers in 2016 and the processes used by our compensation committee when making compensation decisions. In this proxy statement, we use the term "named executive officers" to refer to Marcos Galperin, our president and chief executive officer, Pedro Amt, our executive vice president and chief financial officer, Stelvio Tolda, our executive vice president and chief operating officer, Osvaldo Giménez, our executive vice president—payments, and Daniel Rabinovich, our executive vice president and chief technology officer.

The Executive Summary below provides an overview of our performance during 2016 and its correlation with our compensation decisions and practices.

Executive Summary

Our Business

We host the largest online commerce platform in Latin America located at www.mercadolibre.com, which is focused on enabling e-commerce and its related services. Our services are designed to provide our users with mechanisms for buying, selling, paying, collecting, generating leads and comparing via e-commerce transactions in an effective and efficient manner. Although we consider our company to be a market leader in e-commerce in each of Argentina, Brazil, Chile, Colombia, Costa Rica, Ecuador, Mexico, Peru, Uruguay and Venezuela, based on unique visitors and page views during 2016, we operate in a rapidly evolving and highly competitive market that requires a highly qualified executive management team with strong operational skills. Our executive compensation philosophy is designed to align the compensation of our named executive officers with our business objectives and reward performance over both the short and long term.

Executive Compensation Program Philosophy and Objectives

We are committed to providing an executive compensation program that supports the following goals and philosophies:

- aligning our management team's interests with stockholders' expectations of earnings per share growth and a competitive dividend yield;
- effectively compensating our management team for actual performance over the short and long term;
- attracting and retaining an experienced and effective management team;
- motivating and rewarding our management team to produce growth and performance for our stockholders that are sustainable and consistent with prudent risk-taking and based on sound corporate governance practices; and
- providing market competitive levels of target (i.e., opportunity) compensation.

Structure of Our 2016 Executive Compensation Program

As discussed in more detail beginning on page 27, our 2016 executive compensation program is comprised of three different compensation elements, including:

- base salary, which is fixed annually and compensates individuals for daily performance;
- annual bonus, which is intended to compensate officers for achieving corporate goals and value-creating milestones during the prior fiscal year; and
- 2016 Long-Term Retention Plan ("2016 LTRP") bonus, which, together with the annual bonus, rewards the executive, other than our president and chief executive officer, for both company and individual performance and assists in the retention of key employees. Our president and chief executive officer's 2016 LTRP bonus is based strictly on company performance. The 2016 LTRP is paid over a six-year period through annual fixed payments as well as annual variable payments that move in tandem with increases or decreases in our stock price during the six-year period over which the bonus is paid.

Highlights of Our Executive Compensation Program in 2016

In making its compensation decisions for the 2016 performance year, the compensation committee recognized our company's 2016 results and the contributions and accomplishments of the named executive officers to our continuing growth story. The following is a summary of the highlights of our 2016 executive compensation program:

- Base salary represents a relatively small percentage of total direct compensation for our named executive officers, with a significant portion of our named executive officers' compensation based on the company's demonstrated performance. As illustrated below, 92.6% of our chief executive officer's total target direct compensation for our 2016 fiscal year was performance based and 88.5% of our other named executive officers' average total target direct compensation was performance based.
- A significant portion of the compensation awarded under our 2016 executive compensation program is contingent upon both individual and company performance, in the case of our named executive officers. In 2016, subject to satisfaction of Minimum Eligibility Conditions (described under "2016 Annual Bonus and 2016 LTRP Bonus Performance Elements" below), the total amount of Mr. Galperin's annual bonus was based on pre-determined company performance criteria. For each of our other named executive officers, subject to satisfaction of the Minimum Eligibility Conditions, the cash award was partially based on pre-determined company performance criteria and partially based on qualitative assessment of individual performance.
- The bonuses granted to our named executive officers under our 2016 LTRP are paid out over a period of six years and subject to forfeiture if a named executive officer retires, resigns or terminates his employment for any reason, or if a named executive officer takes certain specified actions that could adversely affect our business. In addition, similar to the annual bonus, the 2016 LTRP bonus is tied directly to the satisfaction of minimum performance objectives. In the event the minimum performance objectives are satisfied, approximately 50% of the cash payable under the 2016 LTRP will move in tandem with increases or decreases in our stock price during the six year period over which the bonus is paid.
- We continue to provide no executive perquisites.

How Compensation Decisions are Made

Role of the Compensation Committee

Our compensation committee reviews and sets all compensation programs (including equity compensation) applicable to our executive officers and directors, our overall compensation strategy for all employees, and the specific compensation of our executive officers on an annual basis. In the course of this review, the compensation committee considers our current compensation programs and whether to modify them or introduce new programs or elements of compensation in order to better meet our overall compensation objectives. The compensation committee has the authority to select, retain and terminate special counsel and other experts (including compensation consultants), as the committee deems appropriate. Our compensation committee has, from time to time, engaged compensation consultants to assist the compensation committee in reviewing and developing recommendations related to fixed and performance-based to compensation for our named executive officers as well as the market terms for our LTRP agreements.

Role of Executive Officers and Consultants

While the compensation committee determines our overall compensation philosophy and sets the compensation of our executive officers, it looks to our chief executive officer and the vice president of human resources and the compensation consultants retained by the committee, if any, to work within the compensation philosophy to make recommendations to the compensation committee with respect to both overall guidelines and specific compensation decisions. Each of our chief executive officer and our vice president of human resources provides the board and the compensation committee with their perspective on the performance of our executive officers as part of the annual personnel review and succession planning discussions and recommends to the compensation committee specific salary amounts for executive officers, other than the chief executive officer, and recommendations on other compensation programs, which the compensation committee considers before making final compensation determinations. Our vice president of human resources works closely with the chairman of our compensation committee and attends certain compensation committee meetings to provide perspectives on the competitive landscape and the needs of the business, information regarding our performance, and technical advice.

The compensation committee establishes compensation levels for our chief executive officer on its own or in consultation with the compensation consultants it retains, if any, and our chief executive officer is not present during any of these discussions.

Competitive Considerations

To set total compensation guidelines, the compensation committee reviews market data of companies with which the compensation committee believes MercadoLibre competes for executive talent. The committee believes that it is necessary to consider this market data in making compensation decisions in order to attract and retain top-notch executive talent. To facilitate making external compensation comparisons, in late 2013, Mercer Consulting provided the compensation committee with competitive market data by analyzing proprietary third-party surveys and publicly-disclosed documents of companies in specified peer groups. The compensation committee used this market data in determining the base salary of each named executive officer and the total annual compensation of our executive officers for 2016.

In 2016, the compensation committee reviewed updated data from a peer group selected in 2013 consisting of companies of similar size within our industry. The companies in that peer group are as follows:

Factset	Expedia
LinkedIn	Groupon
Red Hat	TripAdvisor
OpenTableValueClick	Netflix, Inc.
Shutterfly	Homeaway

In deciding whether a company should be included in the peer group, in addition to industry, the committee considered the following screening criteria:

- revenues;
- earnings before interest, depreciation and amortization;
- market capitalization; and
- total assets.

Because the company's named executive officers live in Latin America and not in the United States, in using the peer group data provided by Mercer, the compensation committee decided to apply a reduction percentage in order to compensate for cost of living differences between Latin America and the United States. For that reason, the market positioning of our named executive officers is generally 90% of that of the executive officers of the median of the peer group analyzed by Mercer in late 2013.

When setting our named executive officers' compensation for 2016, the compensation committee members considered the peer group data that had been previously prepared by Mercer, as adjusted for inflation, and also utilized both anecdotal and specific information based on personal experience and industry contacts, particularly with respect to Latin America.

Elements of Compensation

The compensation received by our named executive officers consists of the following elements, each as more fully described below:

- base salary;
- annual bonus; and
- long-term retention plan bonus.

[Table of Contents](#)

The following table summarizes the various elements of compensation paid to our named executive officers, in each of 2016, 2015 and 2014. Due to the SEC's reporting requirements, the information set forth in the table below may not correspond with the amounts included in the table under the caption "Summary Compensation Table" below. However, we believe the following summary to be a more transparent reflection of the compensation received in each of these years by our named executive officers.

Base Salary

Base salaries for our named executive officers are established based on the scope of their responsibilities and individual experience, taking into account competitive market compensation paid by the above peer companies for similar positions. Base salaries are reviewed at least annually for merit increases and cost of living adjustments, and adjusted from time to time to realign salaries with market levels based on the peer review and after taking into account individual responsibilities, performance and experience.

In reviewing base salaries for 2016, the compensation committee considered the comparative market data previously prepared by Mercer, as adjusted for inflation. The committee believes that each named executive officer's salary level is appropriate in light of his roles and responsibilities within our company.

Annual Bonus

In addition to base salaries, each of our named executive officers are eligible to receive annual cash bonuses. The compensation committee uses annual cash bonuses to compensate named executive officers for achieving short-term financial and operational goals and, in the case of our named executive officers other than our president and chief executive officer, for achieving individual annual performance objectives during the preceding fiscal year. These objectives are generally established in the first half of the year and vary depending on the individual named executive officer, but relate generally to financial and operational targets as well as a cultural alignment assessment carried out by the chief executive officer for the rest of the named executive officers. If established objective thresholds for the annual performance period are not met, the executive does not receive a bonus under our annual cash bonus program for the year. After the end of each fiscal year, our actual performance is compared to the objectives established by our board of directors during the prior year to determine the annual cash bonus award payout.

For 2016, each named executive officer was eligible for a target annual bonus equal to 115.4% of his annual base salary.

In 2016, subject to satisfaction of the Minimum Eligibility Conditions, 100% of Mr. Galperin's annual bonus was based on the company performance criteria described below. For each of Messrs. Amt, Tolda, Rabinovich and Giménez, subject to satisfaction of the Minimum Eligibility Conditions, the award was partially based on such company performance criteria and partially based on the qualitative assessment of individual performance. For additional information regarding the calculation of the annual bonus of our named executive officers, see "—2016 Annual Bonus and 2016 LTRP Bonus Components" below.

A portion of each named executive officer's annual bonus was based upon our company's achievement of certain pre-determined goals for performance. For 2016, the compensation committee selected the following as the corporate performance (the "Consolidated Corporate Performance") measures:

- Net revenues minus bad debt (excluding Venezuela), defined as our net revenues for 2016, less the portion of our bad debt that is uncollectible and after adjustments for unusual items as determined by the compensation committee, in each case, excluding Venezuela net revenues minus bad debt;
- Venezuela net revenues minus bad debt, defined as the net revenues of our Venezuelan operations for 2016, less the portion of our Venezuelan operations' bad debt that is uncollectible and after adjustments for unusual items as determined by the compensation committee;
- Net income (excluding Venezuela), defined as our net income in 2016, excluding Venezuela net income, and after adjustments for unusual items as determined by the compensation committee;
- Venezuela net income, defined as the net income of Venezuelan operations in 2016 and after adjustments for unusual items as determined by the compensation committee;
- NPS, which stands for Net Promoter Score and is defined as a measure of our Marketplace customers' satisfaction, calculated as the percentage of promoters (customer scoring our service from 9 to 10) minus the percentage of detractors (customers scoring our service from 0 to 6).

The Consolidated Corporate Performance measure is calculated as a weighted average of the financial metrics described above (as set forth below in "2016 Annual Bonus and 2016 LTRP Bonus Components"), which are converted from the local currency into to U.S. dollars at the previous year's applicable exchange rate, in order to mitigate the impact of fluctuations in local currencies on the company's operational performance.

For Messrs. Galperin, Amt, Tolda and Rabinovich the quantitative portion of the award is equal to the Consolidated Corporate Performance measures. For Mr. Osvaldo Giménez the quantitative portion of the award is based 50% on Consolidated Corporate Performance and 50% based on certain MercadoPago operational performance measures. For Mr. Giménez, the objectives related to the 2016 operations of our MercadoPago business, are MercadoPago penetration, which is defined as the total payment volume ("TPV") in the MercadoLibre e-commerce website in 2016 divided by the gross merchandise volume ("GMV") in 2015, off-platform net revenues, which mainly includes revenues generated off MercadoLibre's marketplace and financing revenues and off-platform TPV (collectively, the "MercadoPago Performance"). These are calculated using consolidated financial metrics which are converted from the local currency into U.S. dollars at the previous year's applicable exchange rate, which is intended to isolate the operational performance from fluctuations in local currencies.

The compensation committee believes these metrics are the strongest drivers of long-term stockholder value for our company. These elements each track off a target number and have a percentage weight, resulting in a total performance metric for each named executive officer. The compensation committee is given discretion to make adjustments to each element in order to reduce or eliminate the effect of unusual events and thus make better year-over-year performance comparisons. For 2016, the compensation committee did not make any adjustments to any of the Consolidated Corporate Performance metrics.

Long-Term Retention Plans

2016 Long-Term Retention Plan

The compensation committee makes annual grants of long-term incentive to focus its executives on the company's long-term goals, in particular its share growth. The 2016 Long-Term Retention Plan (the "2016 LTRP") is designed to assist us in the retention of key employees that have valuable industry experience and developed competencies. As the company achieves the Minimum Eligibility Conditions for 2016 (as described below), the named executive officer will, subject to his continued employment as of each applicable payment date, receive the target amount of his 2016 LTRP award, payable as follows:

- the named executive officer will receive a cash payment equal to 8.333% of his or her 2016 LTRP bonus once a year for a period of six years (with the first payment occurring on or about March 31, 2017), (the "Annual Fixed Payment"); and
- on each date our company pays the Annual Fixed Payment to the named executive officer, he or she will also receive a cash payment equal to the product of (i) 8.333% of the applicable 2016 LTRP bonus and (ii) the quotient of (a) the Applicable Year Stock Price (as defined below) over (b) \$111.02, the average closing price of our common stock on the NASDAQ during the final 60 trading days of 2015. For purposes of the 2016 LTRP, the "Applicable Year Stock Price" is the average closing price of our common stock on the NASDAQ during the final 60 trading days of the fiscal year preceding the fiscal year in which the applicable payment date occurs, for so long as our common stock is listed on the NASDAQ.

Under the 2016 LTRP, in the event of a participant's termination of employment (i) by the Company without cause (which shall not include the participant's death or disability) or (ii) due to the participant's resignation for good reason, in each of (i) and (ii), within 120 days prior to a change in control or on or after a change in control, 100% of the 2016 LTRP award payments that remain to be paid as of the date of such termination will vest in full and will be payable within 15 days following such termination of employment. Notwithstanding the above, in the event of a participant's death or disability, the compensation committee, in its discretion, may accelerate the vesting and payment of any portion of the 2016 LTRP that remains payable. The 2016 LTRP provides that good reason exists if, (a) a participant's duties, functions or responsibilities are materially diminished, (b) a participant's base salary or bonus opportunity is materially reduced or (c) a participant is required to relocate his principal office to a location that is more than fifty (50) miles from his then current principal office, and such circumstances remain uncured by us for thirty days. The 2016 LTRP generally defines a change in control as (a) any person acquiring beneficial ownership of at least 50% of the voting power of MercadoLibre, (b) a merger or consolidation of MercadoLibre which does not result in our stockholders continuing to hold more than 50% of the combined voting power of the surviving entity in the transaction or (c) a sale of all or substantially all of our assets

2016 LTRP Bonus

The following table sets forth the nominal target value of the 2016 LTRP bonus and the portion of the 2016 LTRP bonus paid out for 2016 for each named executive officer:

	Nominal Target Value of 2016 LTRP Bonus (1)	Portion of 2016 LTRP Bonus Paid Out during 2016 (1)
Marcos Galperin	\$ 5,946,400	\$ 1,228,313
Pedro Arnt	\$ 1,120,000	\$ 231,352
Stelleo Tolda	\$ 1,120,000	\$ 231,352
Oswaldo Giménez	\$ 1,120,000	\$ 231,352
Daniel Rabinovich	\$ 1,500,000	\$ 309,846

- (1) The maximum amount of each named executive officer's 2016 LTRP bonus will depend on our stock price for the last 60-trading days of the applicable fiscal year. To the extent our stock price exceeds \$164.17 for one or more applicable periods, the amount of the executive's 2016 LTRP bonus will exceed 16% of the amount listed in the column above entitled "Nominal Target Value of Total 2016 LTRP Bonus." To the extent our stock price is less than \$164.17 for one or more applicable periods, the amount of the executive's 2016 LTRP bonus will be less than 16% of the amount in the column above entitled "Nominal Target Value of Total 2016 LTRP Bonus." Thus, total payments under the 2016 LTRP over the life of the plan may be more or less than the target amount listed column above entitled "Nominal Target Value of Total 2016 LTRP Bonus."

Other Compensation and Benefits

Prior Long-Term Retention Plans. Our prior LTRPs, like our 2016 LTRP, provides the named executive officers, along with other members of senior management, with the opportunity to receive certain cash payments subject to achievement of similar corporate performance goals to those of our annual bonus plan (the “Minimum Eligibility Conditions”). If the Minimum Eligibility Conditions are achieved, each named executive officer is generally eligible to receive a fixed payment, payable in equal annual installments over a 6-8 years and a variable payment on the same payment schedule, whose amount fluctuates based on the ratio of our average stock price for a period of trading days over the average stock price for a period of trading days in the year the LTRP award was granted to the named executive officer.

Equity awards. In the past we have granted equity to our executive officers through our Amended and Restated 1999 Stock Option and Restricted Stock Plan, which was adopted by our board of directors to permit the grant of equity to our employees. In 2009, our board adopted and our stockholders approved the 2009 Equity Compensation Plan. Upon adoption of the 2009 Equity Compensation Plan, no further awards were available for issuance under our 1999 Stock Option and Restricted Stock Plan. As of December 31, 2016, we had approximately 232,825 shares of common stock available for issuance under the 2009 Equity Compensation Plan. The board has considered outstanding job performance, contributions to our company and achievement of other benchmarks in granting past awards. None of our named executive officers hold any outstanding equity awards under any of our equity plans.

Other compensation and benefits. We maintain broad-based benefits that are provided to certain full-time employees, including our named executive officers, including health insurance, extra vacation days, mobile telephones, executive education sponsorship programs, parking spaces and subsidized English, Spanish and/or Portuguese lessons. We also provide life insurance policies for some of our employees in Brazil and Argentina, including our named executive officers. We do not sponsor or maintain any pension plans for any of our employees.

Employment agreements. We have entered into employment agreements with each named executive officer as described below under “Employment Agreements.” Certain named executive officers may also receive benefits in the event of a change in control of our company as described under “Potential Payments Upon Termination or Change in Control.”

Conclusion

In evaluating the individual components of overall compensation for each of our executive officers, the compensation committee reviews not only the individual elements of compensation, but also total compensation and compares overall compensation to total compensation of similarly situated employees at the company’s peer companies. By design, a significant portion of the compensation awarded under our 2015 executive compensation program is contingent upon company performance, in the case of our president and chief executive officer, and both individual and company performance, in the case of our other named executive officers. The committee remains committed to this philosophy of pay-for-performance and will continue to review executive compensation programs for the best methods to promote stockholder value through employee incentives.

Relationship of Compensation Practices to Risk Management

When structuring our overall compensation practices for our employees generally, consideration is given as to whether the structure creates incentives for risk-taking behavior and therefore impacts our risk management practices. Attention is given to the elements and the mix of pay as well as ensuring that employees' awards align with stockholders' value.

We have assessed the compensation policies and practices for our employees and concluded that they do not create risks that are reasonably likely to have a material adverse effect on the company. This analysis was performed and discussed by the compensation committee.

We have entered into employment agreements and indemnification agreements with each of our named executive officers. For a detailed description, see “Employment Agreements” and “Certain Relationships and Related Transactions—Indemnification Agreements” below.

Option Exercises and Stock Vested

Our named executive officers do not hold any outstanding equity awards.

Pension Benefits

We do not have any plan that provides for payments or other benefits at, following, or in connection with the retirement of any of our employees. However, as required by law in certain countries where we operate, we deduct a percentage of each employee’s salary, including our executive officers, and remit it to governmental social security agencies or private pension fund administrators, depending on the regulatory regime established in each country.

Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plans

We do not have any defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified.

Employment Agreements

We have previously entered into employment agreements with each of our named executive officers. The term of each of these employment agreements is for an undetermined period.

Each named executive officer that is party to an employment agreement is entitled to receive the base salary set forth in such named executive officer’s employment agreement, subject to the raises that we have provided to those executive officers throughout the terms of their employment. In addition to base salary, the named executive officers may receive bonus compensation as we, in our sole discretion, elect to pay them in accordance with the bonus plan policy. The named executive officers are also entitled to reimbursement for reasonable out-of-pocket expenses that they incur on our behalf in the performance of their duties as named executive officers.

The employment agreements provide that, during a named executive officer’s employment and for so long afterwards as any pertinent information remains confidential, such named executive officer will not use or disclose any confidential information that we use, develop or obtain. The agreements provide that all work product relating to our business belongs to us or our subsidiaries, and the named executive officer will promptly disclose such work product to us and provide reasonable assistance in connection with the defense of such work product.

The agreements also provide that, during a named executive officer’s employment, and for a period of one year after the end of the named executive officer’s employment in the event of termination without “just cause,” and two years in the event of resignation or termination for “just cause” (the “non-competition period”), the named executive officer will not (1) compete directly or indirectly with us, (2) induce our or our subsidiaries’ employees to terminate their employment with us or to engage in any competitive business or (3) solicit or do business with any of our present, past or prospective customers or the customers of our subsidiaries.

Potential Payments Upon Termination or Change in Control

We may terminate a named executive officer’s employment in the event that we determine, in our sole discretion, that there is “just cause” (as defined below). If we terminate a named executive officer’s employment for “just cause,” such named executive officer will not be entitled to receive any severance benefits, except for severance obligations mandated under the laws of the country where the named executive officer resides. If we terminate the executive officer’s employment without “just cause,” such executive officer shall be entitled to a severance payment in an amount equal to the greater of (x) one year’s gross base salary or (y) the severance obligations mandated under the laws of the country where the named executive officer resides.

“Just cause” means and includes (1) the commission by the executive officer of any gross misconduct or any offense serious enough for the relationship to become impossible to continue, including without limitation, the executive officer’s willful and continuing disregard of the lawful written instructions of our board or such executive officer’s superiors, (2) any action or any omission by the executive officer, resulting in such executive officer’s breach of his duty of loyalty or any act of self-dealing, (3) any material breach by the executive officer of his duties and obligations under the employment agreement as decided by our board and (4) the executive officer’s conviction, in our board of director’s sole discretion, of any serious crime or offense for violating any law (including, without limitation, theft, fraud, paying directly or indirectly bribes or kick-backs to government officials, the crimes set forth in the U.S. Foreign Corrupt Practices Act of 1977 or the foreign equivalent thereof and the executive officer’s embezzlement of funds of our company or any of our affiliates).

[Table of Contents](#)

In September of 2001, we implemented the 2001 Management Incentive Bonus Plan (the “Incentive Plan”). As established in the Incentive Plan, our chief executive officer established which officers would be eligible for the Incentive Plan. Pursuant to the Incentive Plan, in the event we are sold, the eligible officers, as a group, are entitled to receive a “sale bonus” and a “stay bonus.” If the purchase price is equal to or greater than \$20,000,000 then the eligible officers as a group are entitled to receive (1) a sale bonus equal to 5.5% of the purchase price and (2) a stay bonus equal to 7.1% of the purchase price, subject in both cases to a maximum combined cap of \$78,335,000. If the purchase price is less than \$20,000,000, then the eligible officers, as a group, are entitled to receive the “stay bonus” only. The bonuses are divided between the eligible officers, including our named executive officers and others, according to the participation percentages established by our chief executive officer, in accordance with the Incentive Plan.

For additional information regarding potential payments under our LTRPs in the event of a termination of employment, see “—Elements of Compensation—Long-Term Retention Plan—2016 Long-Term Retention Plan” and “—Prior Long-Term Retention Plans”

The following tables represent the payments due to each named executive officer in the event of (i) his termination without just cause or (ii) a change in control (as defined under the 2016 LTRP) or (iii) his termination without Cause or resignation for Good Reason (each as defined under the 2016 LTRP) within 120 days prior to or on or after a change in control, assuming such event occurred on December 31, 2016.

**PROPOSAL TWO:
ADVISORY VOTE TO APPROVE THE COMPANY'S EXECUTIVE COMPENSATION**

Section 14A of the Exchange Act added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Financial Reform Act") provides our stockholders with an advisory (non-binding) vote to approve the compensation of our named executive officers as disclosed in this proxy statement.

As described in detail under "Executive Compensation," our compensation program is designed to align the interests of management with those of our stockholders, apply a pay-for-performance philosophy and attract and retain top management talent. Our board believes that our current executive compensation program directly links executive compensation to our performance and properly aligns the interests of our executive officers with those of our stockholders by:

- Having a significant portion of the compensation awarded under our 2016 executive compensation program be contingent upon company performance;
- Having base salary represent a relatively small percentage of total direct compensation for our named executive officers; and
- Having components of our compensation, such as the LTRP, tied to drivers of stockholder value over the long-term.

See the information set forth under "Executive Compensation" for more information on these elements of our executive compensation program.

For these reasons, our board strongly endorses our company's executive compensation program and recommends that stockholders vote in favor of the following resolution:

"RESOLVED, that the company's stockholders approve, on an advisory basis, the compensation of the company's named executive officers, as disclosed in the MercadoLibre, Inc.'s Proxy Statement for the 2017 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and other related tables and disclosure."

THE BOARD RECOMMENDS A VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS FOR FISCAL YEAR 2016, AS DISCLOSED IN THIS PROXY STATEMENT.

**PROPOSAL THREE:
ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICER**

Pursuant to Section 14A of the Exchange Act, we are asking our stockholders to provide their input with regard to the frequency of future stockholder advisory votes on our executive compensation programs, such as the proposal contained in Proposal 2 of this Proxy Statement. In particular, we are asking whether the advisory vote on the compensation of our named executive officers should occur every year, every two years or every three years. Currently, the advisory vote on our named executive officers' compensation occurs every year.

Our board has determined that an annual advisory vote on the compensation of our named executive officers is the most appropriate alternative for the company. The board's determination was influenced by the fact that the compensation of our named executive officers is evaluated, adjusted and approved on an annual basis. As part of the annual review process, the board believes that stockholder sentiment should be a factor that is taken into consideration by the board and compensation committee in making decisions with respect to executive compensation. By providing an advisory vote on the compensation of our named executive officers on an annual basis, our stockholders will be able to provide us with direct input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year. Accordingly, our board recommends that the advisory vote on the compensation of our named executive officers be held every year.

You may cast your vote by choosing the option of one year, two years, three years, or abstain from voting in response to the resolution set forth below:

“RESOLVED, that the option of every year, two years, or three years that receives the highest number of votes cast for this resolution will be determined to be the preferred frequency with which the company is to hold an advisory vote by stockholders to approve the compensation of the named executive officers, as disclosed in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure in our annual stockholder meeting proxy statement.”

The option of one year, two years or three years that receives the highest number of votes cast will be the frequency of the vote on the compensation of our named executive officers that has been approved by stockholders on an advisory basis. Even though your vote is advisory and therefore will not be binding on the company, the board and the compensation committee value the opinions of our stockholders and will consider our stockholders' vote. Nonetheless, the board may decide that it is in the best interests of our stockholders and the company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders.

THE BOARD RECOMMENDS A VOTE TO HOLD AN ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS EVERY YEAR.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2016, Messrs. Malka (Chairman) and Caleznuk, and Vazquez, and Ms. Serra served as members of our compensation committee. None of the current members of our compensation committee has ever been an officer or employee of our company or our subsidiaries or had any relationship with us requiring disclosure as a related party transaction under applicable rules of the SEC. During fiscal year 2015, none of our executive officers served as a member of the compensation committee of another entity, one of whose executive officers served on our compensation committee; none of our executive officers served as a director of another entity, one of whose executive officers served on our compensation committee; and none of our executive officers served as a member of the compensation committee of another entity, one of whose executive officers served as a member of our board. All members of our compensation committee are independent in accordance with the applicable rules of NASDAQ and our corporate governance guidelines.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers that obligate us to indemnify them to the fullest extent permitted by Delaware law.

Review, Approval or Ratification of Transactions with Related Parties

The board has delegated to the audit committee the responsibility to review and approve all transactions or series of transactions in which we or a subsidiary is a participant, the amount involved exceeds \$120,000 and a “related person” (as defined in Item 404 of Regulation S-K) has a direct or indirect material interest. Transactions that fall within this definition will be referred to the audit committee for approval, ratification or other action. Based on its consideration of all of the relevant facts and circumstances, the audit committee will decide whether or not to approve the transaction and will approve only those transactions that are in the best interests of our company.

AUDIT COMMITTEE REPORT

Pursuant to SEC rules for proxy statements, the audit committee of our board has prepared the following Audit Committee Report. The audit committee intends that this report clearly describe our current audit program, including the underlying philosophy and activities of the audit committee.

The audit committee of our board is composed of Mario Vázquez (Chairman), Meyer Malka and Susan Segal, all of whom are independent under the NASDAQ listing standards and rules and regulations of the SEC applicable to audit committees. The audit committee operates under a charter, which is posted on our investor relations website at <http://investor.mercadolibre.com> and annually reviewed by the board. This charter specifies the scope of the audit committee’s responsibilities and the manner in which it carries out those responsibilities.

The audit committee members are not professional accountants or auditors. Management has the primary responsibility for preparing the financial statements and designing and assessing the effectiveness of internal control over financial reporting. Management is also responsible for maintaining appropriate accounting and financial reporting principles and policies and the internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. In this context, the audit committee has reviewed and discussed with management the audited financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2016.

The audit committee also has discussed with Deloitte & Co S.A. the matters required to be discussed by the PCAOB Auditing Standard 1301, “Communications with Audit Committees”, as amended.

The audit committee has received the written disclosures and the letter from Deloitte & Co S.A. required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Co S.A.’s communications with the audit committee concerning independence and has discussed with Deloitte & Co S.A. its independence.

Based on the audit committee’s review and discussions with management and Deloitte & Co S.A. described above, the audit committee recommended that our board include the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2016 for filing with the SEC.

The foregoing report does not constitute solicitation material and should not be deemed filed or incorporated by reference into any of our other filings under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this report by reference therein .

**PROPOSAL FOUR:
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our audit committee has appointed Deloitte & Co. S.A. (“Deloitte”) to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2017, and stockholders are being asked to ratify the selection at the 2017 Annual Meeting. Representatives of Deloitte will not be present at the 2017 Annual Meeting in person. However, representatives will be present telephonically and will have the opportunity to make a statement and respond to appropriate questions.

Although ratification by stockholders is not a prerequisite to the ability of the audit committee to select Deloitte as our independent registered public accounting firm, we believe ratification to be desirable. Accordingly, our stockholders are being requested to ratify, confirm and approve the selection of Deloitte as our independent registered public accounting firm to conduct the annual audit of our consolidated financial statements for the year ending December 31, 2017. If the stockholders do not ratify the selection of Deloitte, the selection of the independent registered public accounting firm will be reconsidered by the audit committee; however, the audit committee may select Deloitte notwithstanding the failure of the stockholders to ratify its selection. If the appointment of Deloitte is ratified, the audit committee will continue to conduct an ongoing review of Deloitte’s scope of engagement, pricing and work quality, among other factors, and will retain the right to replace Deloitte at any time.

The audit committee considers Deloitte to be qualified to deliver independent auditing services to our company due to, among other things, their depth of experience, breadth of reserves, commitment to provide exceptional service, ability to handle transactional matters and location of key personnel.

Deloitte has served as our independent registered public accounting firm since 2010.

Audit and Non-Audit Fees

The following is a description of the fees billed to us by Deloitte for the years ended December 31, 2016 and 2015:

	2016	2015
Audit Fees	\$1,319,443	\$1,202,369
Audit-Related Fees	\$ 327,531	\$ 79,800
Tax Fees	\$ 113,517	\$ 83,192
All Other Fees	—	—
Total	\$1,760,491	\$1,365,361

Audit Fees

Audit fees represent the aggregate fees billed to us by Deloitte during the applicable fiscal year in connection with the annual audit of our consolidated financial statements, the audit of our internal control over financial reporting, the review of our interim financial statements and the review of our Annual Report on Form 10-K. Audit fees also include fees for services performed by Deloitte during the applicable fiscal year that are closely related to the audit and in many cases could only be provided by our independent registered public accounting firm. Such services include consents related to SEC registration statements and certain reports relating to our regulatory filings.

Audit-Related Fees

Audit-related fees represent the aggregate fees billed to us by Deloitte during the applicable fiscal year for assurance and related services reasonably related to the performance of the audit of our annual financial statements for those years.

Tax Fees

Tax fees represent the aggregate fees billed to us by Deloitte during 2016 and 2015 for tax compliance, tax planning and tax advice.

All Other Fees

All other fees represent the aggregate fees billed to us by Deloitte for those permissible non-audit services that the audit committee believes are routine and recurring and would not impair the independence of the independent registered public accounting firm and are consistent with the SEC’s rules on auditor independence.

[Table of Contents](#)

Audit Committee Pre-Approval Policy

The audit committee's policy is that all audit and non-audit services provided by its independent registered public accounting firm shall either be approved before the independent registered public accounting firm is engaged for the particular services or shall be rendered pursuant to pre-approval procedures established by the audit committee. These services may include audit services and permissible audit-related services, tax services and other services. The term of any pre-approval is twelve months from the date of pre-approval, unless the audit committee specifically provides for a different period. Any audit or non-audit service fees that we may incur that fall outside the limits pre-approved by the audit committee for a particular service or category of services require separate and specific pre-approval by the audit committee prior to the performance of services. For each fiscal year, the audit committee may determine the appropriate ratio between the total amount of fees for audit, audit-related and tax and other services. The audit committee may revise the list of pre-approved services from time to time. In all pre-approval instances, the audit committee will consider whether such services are consistent with the SEC rules on auditor independence.

All of the fees paid to Deloitte during the years ended December 31, 2016 and 2015 described above were pre-approved by the audit committee in accordance with the audit committee pre-approval policy and before Deloitte was engaged for the particular service.

OTHER MATTERS

As of the date of this proxy statement, our board does not know of any matters to be presented at the 2017 Annual Meeting other than those specifically set forth in the Notice of 2017 Annual Meeting of Stockholders and this proxy statement. If other proper matters, however, should come before the 2017 Annual Meeting or any adjournment thereof, the proxies named in the enclosed proxy card intend to vote the shares represented by them in accordance with their best judgment in respect of any such matters.

STOCKHOLDER PROPOSALS FOR 2018 ANNUAL MEETING

A stockholder may present proper proposals for inclusion in our proxy statement and for consideration at the 2018 Annual Meeting of Stockholders by submitting their proposals in writing to us in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2018 Annual Meeting of Stockholders, our Corporate Secretary must receive the written proposal at our principal executive offices no later than December 29, 2018; provided, however, that in the event that we hold our 2018 Annual Meeting of Stockholders more than 30 days before or after the one-year anniversary date of the 2017 Annual Meeting, we will disclose the new deadline by which stockholders proposals must be received under Item 5 of our earliest possible quarterly report on Form 10-Q or, if impracticable, by any means reasonably calculated to inform stockholders. In addition, stockholder proposals must otherwise comply with the requirements of Rule 14a-8 of the Exchange Act. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

MercadoLibre, Inc.
Attn: Corporate Secretary
Arias 3751, 7th Floor
Buenos Aires, Argentina, C1430CRG

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders or nominate persons for election to our board at our annual meeting but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is (1) specified in the notice of a meeting (or any supplement thereto) given by or at the direction of the chairman of the board or our board of directors, (2) otherwise properly brought before the meeting by the chairperson or by or at the direction of a majority of our board of directors, or (3) properly brought before the meeting by a stockholder entitled to vote at the annual meeting who has delivered timely written notice to our Corporate Secretary, which notice must contain the information specified in our bylaws.

To be timely, our Corporate Secretary must receive the written notice at our principal executive offices not earlier than 90 days and not later than 60 days before the anniversary of the date on which we first mailed our proxy materials for the prior year's annual meeting of stockholders (i.e. between January 28, 2018 and February 27, 2018 for our 2018 Annual Meeting of Stockholders). However, in the event that the date of the 2018 Annual Meeting of Stockholders is advanced or delayed by more than 30 days from the first anniversary of the date of the 2017 Annual Meeting, in order to be timely, a proposal or nomination by the stockholder must be delivered not later than the later of (i) 90 days before the 2018 Annual Meeting of Stockholders or (ii) 10 days following the day on which public announcement of the date of such meeting is first made. The notice must satisfy the other requirements with respect to such proposals and nominations contained in our bylaws. If a stockholder fails to meet the deadlines in Rule 14a-8 and our bylaws or fails to comply with SEC Rule 14a-4, we may exercise discretionary voting authority under proxies we solicit to vote on any such proposal. Our bylaws were filed with the SEC as an exhibit to our registration statement on Form S-1 on May 11, 2007, which can be viewed by visiting our investor relations website at <http://investor.mercadolibre.com> and may also be obtained by writing to our Corporate Secretary at our principal executive office (Arias 3751, 7th floor, Buenos Aires, Argentina, C1430CRG).
